

Action Line is your service, solving your problems, getting your answers, cutting red tape and standing up for your rights. To get action, write ACTION LINE, Box 230, Long Beach, Calif., 90801, or dial 432-3451 between 9 a.m. and 1 p.m., or 5 p.m. and 9 p.m., Monday through Friday.

Hawaiian Wedding Song

Q. My boy friend is in the service and will get a leave in Hawaii in January. I will meet him and we plan to get married. Can you give me the marriage requirements there? C.V.D.B., Bellflower.

A. The minimum age for marriage without parents' permission is 20. If either of you is underage, he'll need a signed and notarized parents' permission letter. Residence will be no problem, because there are no requirements. You both will have to take a blood test. However, Hawaii will accept blood test results from California. To save time, take your test just before you leave and have your boy friend take his through the service. Both you and your fiance have to appear at the marriage license bureau when you apply for the license, and there is usually a four-day wait before it is issued. Don't forget \$5 for the license — and best wishes.

Help Blind Scholars

Q. How and where can I volunteer my services to make recordings for the blind? F.M., Long Beach.

A. Two volunteer groups record textbooks for blind students — Recordings for the Blind, 5022 Hollywood Blvd., Los Angeles, 664-5525; and the Braille Institute of America, Volunteer Services, 741 N. Vermont Ave., Los Angeles, 663-1111, Ext. 41. Both require the volunteer to take a voice test and undergo a training period. "Our volunteers are asked to record on tape or on records at least two hours a week in our soundproof booth. They read college textbooks and are checked for errors," says Mrs. John Jenkins, volunteer for Recordings for the Blind. Readers for the Braille Institute are asked to do a tape a week, but may record in their own home if they have a tape recorder, says Mrs. Virginia Raetze, volunteer in charge of recordings.

Discharge Change

Q. Several years ago I was given an Undesirable Discharge from the Marine Corps. At that time I was told that at the end of one year this could be changed to an Honorable Discharge. Can ACTION LINE tell me where to write to have this change made? I need it now in order to obtain civil service employment. R.T.P., Long Beach.

A. Yes. ACTION LINE obtained the addresses from Sgt. N. W. Hoes at the Marine Corps Recruiting Office in Long Beach. For discharges other than resulting from a general court-martial, says Hoes, you write to: President, Navy Discharge Review Board, Navy Department, Washington, D.C. For discharges "pursuant to the sentence of a general court-martial" write to: Secretary of the Navy, Board of Correction of Naval Records, Navy Department, Washington, D.C. Hoes suggested also you send in a copy of your DD 2-14 form. If you don't have this form, you may obtain it by writing to: Officer in Charge, Unit 1, Records Service Section, Records Branch, Headquarters U.S. Marine Corps, Washington, D.C. 20380.

Police Clerks

Q. I am interested in the jobs for women in the offices of the Long Beach Police Department. I understand they are civil service jobs. Can you tell me how to apply? M.Z., Long Beach.

A. The jobs are civil service. To apply, go to room 332 of the Municipal Utilities Building, 215 W. Broadway. H. E. Putman of the Long Beach Civil Service Commission office said they will advise you there of present openings. If you qualify, they will schedule you for an exam on the same day. There are four main jobs for women at the Police Department: stenographer, typist-clerk, communications operator and policewoman. All four require a high school diploma and varying degrees of proficiency on the typewriter. Policewomen must be between 21 and 30 and in top physical condition. Some training in police science is helpful. A test to compile an eligibility list for policewomen is given every two years with the next one scheduled for the summer of 1968.

Shuffle Away, Now

Q. Our Auditorium Shuffleboard Club would like to buy some new cues for the use of guests. We'd like to know when the courts will be torn up for the proposed improvement on the Municipal Auditorium before we decide to buy the cues. If we knew something definite, then we could buy the cues and not discuss this at every club meeting. E.P., Long Beach.

A. We took your cue, and presented the problem to James Hankla, city administrative assistant. "I've checked with the engineering department and it will be at least a year before the courts will be torn up. The city must acquire some private property in the area before a definite time plan can be set up," Hankla says. He suggests you periodically check with Jack Dillon, supervisor of senior citizens for the Recreation Department, on the construction timetable.

SOUND OFF!

I live in an own-your-own apartment building here in Long Beach. The building is beautiful property and a credit to the community. We have invested a lot of money in order to have a nice place to live. But the building is three years old and in that time the furniture in the lobby has been stolen three times and the beautiful statue in front of the building has been stolen four times. We have called the police on all occasions but have received the same answer: "What can we do about it? The furniture has been stolen and we can't help you now." I would like to know if the police patrol this area as they say they do. And also, has our police force become so weak in manpower it is not able to protect lives and property in our city? I know that we have some very fine and dedicated men on the force but I am losing confidence in the department. The facts speak for themselves. Something must be done. If we need more policemen, let's get them. I think it's time we citizens have a talk with the city fathers and the police chief and see if we can find some answers to this problem. S.O.D., Long Beach.

COMPANY'S LEVY NOT HEAVY, BUT...

It isn't the money, it's the principle of the thing.

That obviously is the feeling of Superior Oil Co., which is one of seven firms requesting refunds next Tuesday from the city for license fees paid.

The city levies a tax of three cents per barrel on oil production.

The Superior Oil Co. is seeking a refund of 12 cents.

LBJ Asks Tax Hike Pressure

Challenges Solons
to Act 'Reasonably,
Not Politically'

New York Times Service

WASHINGTON — President Johnson asked for public pressure Friday to help him get a tax increase and challenged Congress to face that unpleasant task "reasonably, not politically."

"I know it is not a popular thing for a President to do. To ask anyone for a penny out of a dollar to pay for a war that is not popular either," Johnson said in a talk to savings and loan officials.

"If I were concerned only with my own popularity or my own poll, that wouldn't be the way I would go about it — to suggest higher taxes or more war. But you have to do what is responsible and you have to do what is right, if you sit in this place."

The President met in the White House with the 12 presidents of Federal Home Loan banks and 25 other

(Continued Page A-5, Col. 1)

Hot Winds Expected for L.B.

It'll be hot — maybe 91 degrees — in Long Beach today, and more of those hot Santa Ana winds are expected to rake the Southland.

Long Beach was spared the worst of the Santanas (devil winds) Friday, but the wind did cause problems for firemen battling a stubborn brush blaze in San Bernardino. At Fontana, the winds were clocked at 66 mph.

One camper truck was overturned on Interstate Highway 15 in Cajon Pass. The California Highway Patrol immediately banned campers and trailers from the area.

Winds also felled power lines in the San Fernando Valley.

MEODYLAND SHOW OK'D

Judge Upholds Topless Girls' Rights in Anaheim

An Orange County Superior Court judge Friday told the City of Anaheim to keep its hands off a topless program scheduled for Melodyland's theater-in-the-round.

Judge Herbert L. Herlands issued a preliminary injunction against the city, forbidding Anaheim from interfering in any way with a Las Vegas-style topless show titled "Bravo Burlesque," due to open Nov. 28 at the theater.

CITY Attorney Joe Geis-

Yacht Club Bartender Tells of Kirschkes' Tiff

She Threw Cognac and Dirty Word

By SHERM WILLIAMS

A yacht club bartender who said he was called "Uncle Ralph" by the Kirschke children, testified Friday that he saw the suspended deputy district attorney debonairely wipe a shot of cognac off his face, and puff his pipe when his wife called him a "bastard."

Ralph Bricker said it happened one stormy Tuesday last winter — before Elaine Terry Kirschke and her pilot lover, Orville William Drankhan, were murdered in the Kirschke apartment in Naples — not far from the Long Beach Yacht Club.

Bricker, summoned by the prosecution, looked at Kirschke — on trial for his life — whenever he answered, and recanted on a statement that he had given investigators earlier that Mrs. Kirschke was sobbing.

Instead, he said under the angry questioning of Asst. Atty. Gen. Albert W. Harris, after thinking it over, he wasn't sure whether the nationally known dress designer was giggling or sobbing.

Bricker was called to the stand at 3:10 p.m. Friday, and Harris quickly called on him to tell about the cognac incident in the yacht club bar.

"Bill Drankhan and Elaine Terry," the caption under the picture noted ironically, "contemplate the space-age crime fighting techniques of the L.A. County sheriff. Bill is in the electronics business and the young lady is a noted dress designer. Both were guests of the overworked and underpaid bulletin editor (Kirschke) on the right."

Bricker was called to the stand at 3:10 p.m. Friday, and Harris quickly called on him to tell about the cognac incident in the yacht club bar.

BRICKER SAID it was a stormy night, and there,

Both Parties Urging Reagan to Remap

WASHINGTON (UPI) — California Gov. Ronald Reagan was urged Friday to call a special session of the state legislature to reapportion California's 38 congressional districts.

The recommendation came from California congressional leaders in the wake of a state Supreme Court announcement that it would re-apportion the districts itself if the legislature did not.

The call for reapportionment by the Dec. 7 deadline set by the court came from both Democratic and Republican members of the state delegation.

However, several members expressed disappointment with the court's decision.

Among those approving the decision was Rep. Chet Holifield, a Democrat, who said he had expected it.

"I trust Governor Reagan will immediately call the legislature into session, and it is my personal hope that the legislature will accept the responsibility for reapportionment rather than making it necessary for the court to do it," Holifield said.

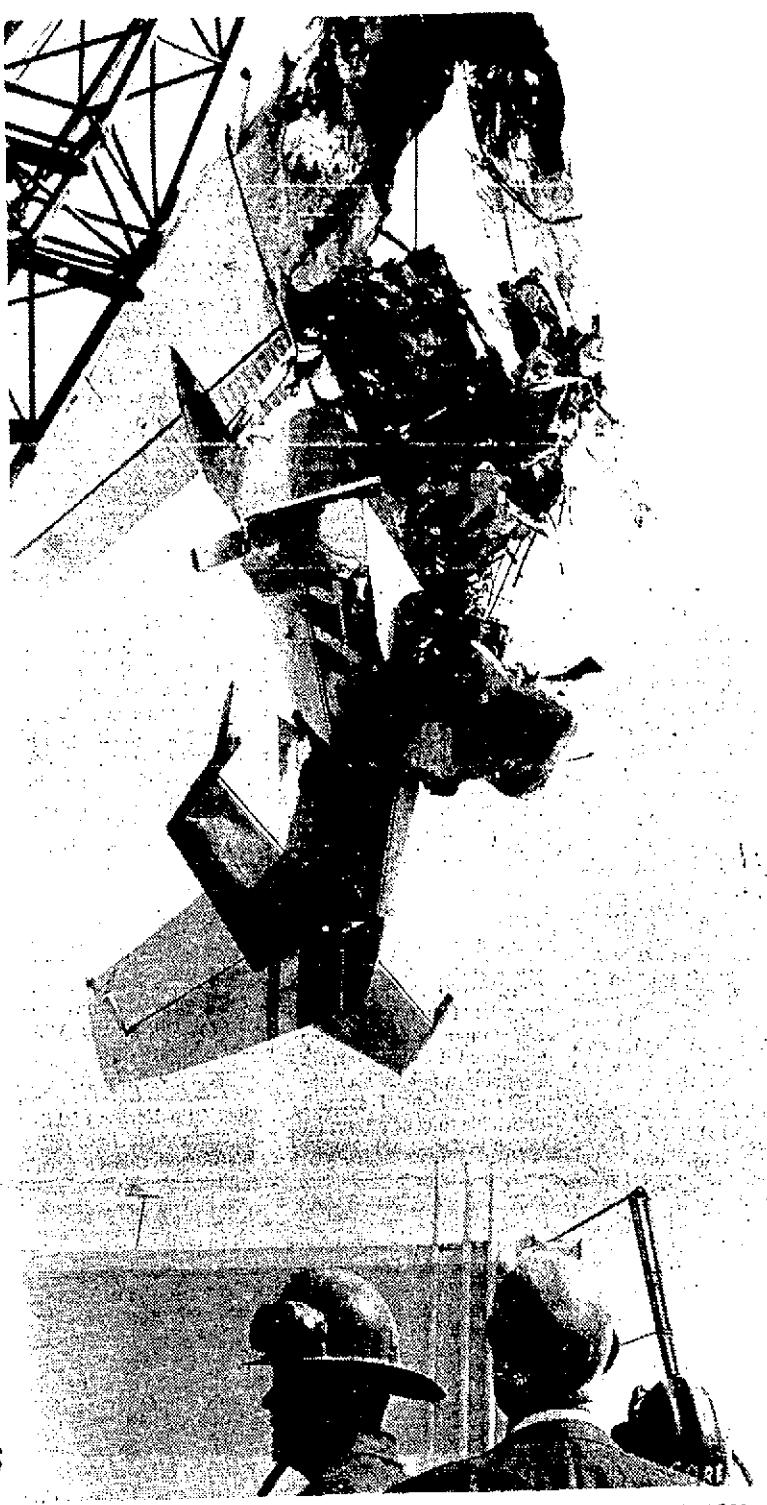

Rep. H. Allen Smith, a Republican who had urged the court to postpone remapping until after the 1970

CRANE LIFTS PLANE WRECKAGE FROM SERVICE STATION

Staff Photo by ROGER COAR

2 Flyers Burned to Death in Flaming Compton Crash

A Hawthorne flying instructor and his student pilot burned to death Friday when their small plane crashed into a service station near Compton Airport.

Two attendants were injured in the spectacular crash, which set the station afire as the single-engine Cessna 150's fuel tanks sprayed burning fuel over the area after collapsing the roof of the station.

The victims were identified as Finley Hanna Knight, 28, Hawthorne, the instructor-pilot, and Harold Clifford Blake, 29, of Los Angeles, his student.

The employees of the sta-

tioning for help. But there was just no way for anybody to get up there to help."

Witnesses said the plane was in a takeoff pattern when its left wing dipped sharply. The plane plunged downward and onto the roof of the station.

Both Christ and Jordan ran from a service area of the station following the noon crash of the plane, which had just taken off from Compton Airport.

Jordan told police he could hear one of the flyers screaming for help.

"The station just seemed to cave in," Jordan said. "After we got outside we could hear one of the guys

hollering for help. But there was just no way for anybody to get up there to help."

PEOPLE IN THE NEWS

Solid Citizens Go to Bat for Marijuana**WINS \$375,000**

A Sacramento jury ended the longest civil suit in Sacramento history Friday by awarding a woman \$375,000 in damages from General Motors Corp., which had been found liable in an accident involving its Chevrolet Corvette Stingray.

The firm had been found liable last week after a 56-day trial, and the same jury returned the damages verdict in superior court. Norman J. Badorek of Sacramento and Phillip W. Dustman of Fall River Mills died in July, 1965, when Dustman's 1965 Corvette was struck from behind on Interstate 80 near the capital as he slowed to pass a minor accident.

Badorek's wife Carol received severe burns in the wreck. The driver of the car that hit the Corvette, Matthew Rodgers of Santa Clara, now serving a prison term for manslaughter in the case, admitted his liability but said the men would not have died if the auto hadn't been designed poorly.

He said the gasoline tank was located so gas spewed onto the seats, and the Fiberglass body was unsafe.

Several of the expensive cars were wrecked and burned as evidence.

General Motors said it would appeal.

AP Wirephoto**WHAT'S A DIVORCE... BETWEEN MAN AND WIFE?**

Franklin Beggs, 27-year-old Gadsden, Ala., warrior who got to Vietnam only by divorcing his wife, is home on leave with a chest full of medals. They divorced so he could qualify, he took Army basic and flight training, they remarried, then he flew combat missions "Almost every day" for a year, earning two Distinguished Flying Crosses, five other citations.

HEART ATTACK

Eddy Gilmore, a Pulitzer prize-winning correspondent of The Associated Press who reported the wartime and postwar Stalin era in Russia, died of a heart attack Friday midnight at his home near London. He was 60.

Before and after his years in Russia, Gilmore was widely known for his witty news stories on the lighter side of life. Gilmore is survived by his Russian-born wife, the former Tamara Chernashova; three daughters and a son.

Gilmore's wartime romance with Tamara, a dancer, was carried on over obstacles put between foreigners and Russian citizens by the suspicious officials of Stalin's time, and Tamara was banished by the regime. Wendell Willkie, the 1940 American Republican presidential nominee, interceded at the Kremlin, had Tamara returned to Moscow, where the Gilmores were married.

REJECTION
Gov. Otto Kerner of Illinois, chairman of the President's Commission on Civil Disorders, says a deep feeling of inferiority and rejection burdened last summer's rioters.

Most white Americans are unaware of the feeling, he said and "many who are aware are not aware of how deep and sensitive this feeling is." The commission hopes to submit an interim report by Dec. 23.

Instead, Dockery became lost in a morass of administration.

"This man has suffered more than enough," Williams said Friday. Jail officials said a computer system for keeping track of prisoners will go into effect in 1969. They didn't say whether this would increase or decrease the chances of a reoccurrence.

SUES WIN

Actress Sue Lyon was awarded \$225,000 in Los Angeles for injuries she received in a 1965 traffic accident on Pacific Coast Highway.

Miss Lyon, 21, contended the injuries, including damage to her knee, will impair her screen career. The verdict was against real estate developer Roderic J. Tichnor, 67, and Lynch Motors, Inc., which owned the automobile Tichnor drove.

MOTHER DIES

The mother of the late film star Gary Cooper died Friday at a Palm Springs hospital at the age of 83. Mrs. Charles H. Cooper, a native of Sheerness, England, had lived in Los Angeles from 1922 until last March when she moved to Palm Springs. Gary Cooper died in 1961.

AGREEMENT

John W. Gardner, secretary of Health, Education and Welfare, told AFL-CIO President George Meany Friday that "I share this deep concern with you" about the rising cost of medical care costs, and said "steps can and must be taken to moderate the rising in medical prices."

**the WORLD TODAY****International****Viet Fighting Shifts to Delta**

Combined News Services

SAIGON — An American river task force fought a fierce 8½-hour battle with Viet Cong troops in the marshlands of the Mekong Delta Friday, the U.S. Command reported today. Headquarters said 47 members of the main force Viet Cong unit were killed in the fight 51 miles southwest of Saigon in which the American forces called in air strikes, artillery and helicopter gunships. U.S. losses were reported as eight killed and 23 wounded. U.S. warplanes kept up their intensified air raids against North Vietnam Friday with strikes north and south of Hanoi. U.S. planes blasted the Tien Nong fuel dump 6 miles northwest of Haiphong Thursday, cutting another target from the forbidden list in the North Vietnam.

B52 bombers struck again Friday night and early today in two more raids on North Vietnamese frontier installations still posing a threat to the U.S. Marine outpost of Con Thien, 2 miles south of the demilitarized Zone. The exploding bombs shook the ground for miles around and were clearly audible by Marines holed up in the border fortress at Con Thien. The saturation raids underscored American determination to prevent battered North Vietnamese armies from moving artillerymen back in to positions within range of the American outpost.

In the U.S., Sen. Vance Hartke, D-Ind., said the administration, under increasing pressure from the Pentagon, is seriously considering invading North Vietnam. The Defense Department de-

India Guarantees Peace

UNITED NATIONS, N.Y. — Indian Defense Minister Swaran Singh declared Friday he was confident a cessation of all hostilities in Vietnam would follow an unconditional halt in the U.S. bombing of North Vietnam. Singh, whose government has close and direct contact with Hanoi, told the U.N. General Assembly in a major policy speech that the "essential first step" for peace in Vietnam was a halt in the bombing. But he also urged North Vietnam "to look at this question from the larger interest of peace in Asia and the world."

Papal Birth Control Poll

VATICAN CITY — Pope Paul VI will ask Catholic prelates at the synod of bishops for their written opinions on the controversial birth control question, syndicated sources said Friday. Observers believed the move might be intended to forestall any attempt by the bishops to introduce debate on the touchy issue.

Labor Party AVOIDS Split

SCARBOROUGH, England — Prime Minister Harold Wilson's Labor party emerged Friday night from its annual five-day convention apparently united on most key issues. Wilson and his government had successfully weathered a heralded onslaught by the party's disgruntled left wing on the administration's foreign, defense and economic policies.

Yemen Pullout Ordered

SANA, Yemen — Egypt acted Friday to speed withdrawal of its troops from Yemen by ordering all Egyptians out of the capital. The action followed rioting in which five Yemeni demonstrators were killed and 25 others wounded. The firing occurred when demonstrators attacked the Egyptian military headquarters.

National**Senate Restores Funds for NASA**

WASHINGTON — Narrowly defeating two efforts to cut it, the Senate passed a bill Friday to provide more than \$4.6 billion to carry on the U.S. space program this year. The vote was 60 to 5. Before passage Sen. Margaret Chase Smith, R-Maine, ranking Republican on the Senate Space Committee, said James E. Webb would be justified in quitting as head of NASA. "To be quite frank, he (President Johnson) literally pulled the rug from under those who direct the space program," she said. "I am not surprised at the recent announcement of the resignation of Dr. Robert C. Seamans. I am more surprised that his action has not, as yet, caused the resignation of Mr. Webb." Johnson had said he would accept the House cuts.

As the bill was sent back to the House it included \$95.9 million more than allowed by that body. But it was \$421 million under the President's initial budget, some \$189 million below an authorization approved by Congress and \$289 million less than was voted last fiscal year, which ended June 30. Most of the Senate increases would finance space ventures planned to follow the Apollo project for landing astronauts on the moon. Both the Senate and House approved nearly \$2.5 billion to continue the Apollo project this fiscal year.

**FALLING BOOM KILLS 2**

Construction worker fights officer, trying to go to aid of friends trapped on upper floors of building in Baton Rouge, La. Two workers were killed and five injured as a large steel boom crashed several floors down through a 20-story skyscraper under construction in downtown area. Dead were Ronnie Brabham, Don Strickland.

GIs' Families in Crossfire

WASHINGTON — Families of American servicemen are caught in a crossfire between the Johnson administration and Congress over spending cuts and a proposed tax boost. Pentagon figures showed today that Secretary of Defense McNamara froze \$91.7 million in family housing projects when he ordered an indefinite halt in contracting for some \$350 million in military construction work.

McNamara's actions, which also included a suspension of new "pork barrel" civil works projects, came in response to congressional demands for assurances of economies before President Johnson's proposal for a 10 per cent surtax is considered. McNamara's move flies in the face of strong appeals from the armed services and in the face of the Pentagon's own findings on the importance of such housing. Key Democratic senators are sharply attacking McNamara for the freeze. Sen. Henry M. Jackson, D-Wash., suggested that Congress withhold appropriations to finance the base construction projects which were frozen by McNamara's order. "What do I do now?" asked Sen. Alan Bible, D-Nev., chairman of the appropriations subcommittee considering military construction appropriations. "Who can I believe?" Chairman L. Mendel Rivers, D-S.C., meanwhile, summoned McNamara to appear before the House Armed Services Committee Tuesday and "explain" the freeze.

3 Ford Plants Reopen

DETROIT — The Ford Motor Co. and the United Auto Workers Friday agreed to reopen three struck plants which make parts for American Motors Corp. AMC had said it might have to cease operation by the end of this month because it was running out of some parts. The opening — at Rawsonville and Ypsilanti in Michigan and at Sandusky, Ohio — marked the first time that the union has permitted a struck plant to reopen for nondefense reasons. Ten workers have already been sent back to work at two parts plants in Detroit to process parts for shipment to Vietnam. UAW President Walter P. Reuther Friday picked up a sign and joined a picket line as the strike against Ford went into its second month. He made his brief appearance at Ford's giant Rouge plant — the installation at which he was severely beaten by strikebreakers 30 years ago.

Spy Verdicts Upheld

PHILADELPHIA — A U.S. Court of Appeals upheld Friday the conviction and sentence of two men charged with conspiring to spy for Russia. The two, John William Butenko, 42, of Orange, N.J., and Igor Ivanov, 37, a Russian, were arrested at an Eaglewood, N.J. railroad station in 1963. The FBI said they had a briefcase of documents relating to a document-copying camera, a secret project on which Butenko was working for the Department of Defense. Butenko, an electrical engineer, was sentenced to 30 years. Ivanov, a former chauffeur for Amotorg, a Soviet trade agency, received a 20-year sentence. The two objected to the District Court's refusal to suppress certain physical evidence on grounds of unreasonable search and seizure.

Truck Strike Overture

PITTSBURGH — Trucking executives took part of the blame Friday for conditions which make truckers wait for hours at steel mills to be loaded — a key issue in the violence-spattered haulers' rebellion. They conceded they've ignored federal regulations granting pay for waiting at mills, and promised to police themselves in the future by billing mills and paying wait-time to striking independent haulers. A strike leader, David Hough, said he was encouraged.

ABC Staffers Return

NEW YORK — Support for the technicians' strike against the American Broadcasting Co. cracked even further Friday with the return of the network's entire Washington news staff.

Combined News Services

Marijuana acquired some new friends Friday at San Francisco. They couldn't exactly be classified as hippies.

There was, for example, Mrs. Garnet E. Brennan, teaching principal at Nicastro Elementary School in Marin County. "Marijuana is not harmful to my knowledge because I have been using it almost daily since 1949," said the teacher.

Mrs. Garnet joined 43 other "law abiding" Bay Area citizens in filing affidavits in San Francisco Superior Court. All said they either smoke marijuana or find it either harmless or beneficial.

Their statements were in defense of "Melkon Melkonian, a San Rafael auto mechanic facing a stiff sentence for possession of marijuana because of previous convictions. His attorney argued that marijuana penalties, which run to 20 years in prison, are unconstitutional.

The 44 petitions were filed to support his view that marijuana is nonaddictive and not a serious social evil. Defenders of "grass" included the principal, a San Francisco process server, an electronics technician at University of California Medical Center, a writer of "Batman" comic strip, a San Francisco physician and numerous housewives, artists and others.

Zane Plemmons, a Mill Valley hotel owner, said: "As a homeowner, father, former Cub Scout master, member of several civic organizations, who has been a frequent user of marijuana for six or seven years, I find the drug to have a pleasant and tranquilizing effect." Margo St. James, San Francisco process server, said: "I have tried it myself on numerous occasions and found it to be a terrific tranquilizer, aphrodisiac, appetite stimulant. I seemed to be able to concentrate on things better."

Diane Forrester, Stinson Beach housewife, said: "In the past I have smoked enough 'pot' to experience a feeling called 'high.' The effects were never more than mild. I have never experienced ill effects."

**HOT MAMA**

Cass Elliott, 210-pound vocalist with "The Mamas and the Papas," was freed in London after the prosecution dropped charges of larceny against her. But "Mama Cass," as she calls herself, was not pleased.

"I am furious," the American vocalist said. "But there is nothing I can do about it." Barefooted and dressed in a purple sari, the singer (real name Mrs. Cass Hendricks) met newsmen minutes after a London judge said the entire case apparently stemmed from a mixup.

Mrs. Hendricks, 24, of Los Angeles, was charged with stealing two blankets and two keys — total value \$29.40 — from a London hotel.

Gunman Who Robbed Stores in L.B. Area Escapes San Quentin

A dangerous bandit — whose numerous escape attempts included a try to break out of a Long Beach holding cell with a gun — is at large from San Quentin prison, where he scaled the wall with a long bent pipe.

San Quentin officials confirmed the escape of Donald W. McDowell, 26, Friday after they combed a prison industrial area where he was last seen Thursday night.

McDowell, under two concurrent sentences of from five years to life, left no clues to which direction he might have gone.

Long Beach police said so far they have no reason to believe McDowell might return here.

In October 1964, McDowell escaped from Chino State Prison, where he was sent after conviction for armed robberies in the South Bay area. He pleaded guilty to shooting a police officer in the leg during one stick-up.

Captured later in Orange

TUGBOAT STRIKE PRECAUTIONS

Tight Security Controls Clamped on Harbor Ships

By JACK O. BALDWIN
Marine Editor

The port warden of Los Angeles Harbor this week tightened security controls in an effort to prevent a major catastrophe during the current tugboat strike.

Capt. Lionel H. De Santy warned all owners, operators, agents and masters of ocean-going vessels moored within the port they must maintain their ship's propelling machinery and steering gear "in good operating condition and serviceable for the use intended."

ALL VESSELS also must maintain their anchor windlasses, mooring winches and capstans in standby condition.

"Vessels with cargo on board or tank ships which are not gas-free shall have on board at all times a sufficient number of personnel capable of getting the vessel underway with its own power," the port warden directed.

Storage of explosives or their loading within the Inner Harbor would not be permitted as long as the tug strike exists, De Santy warned.

New Commodore Takes Command of Destroyers

All eight ships of Destroyer Squadron 13 were in port at Long Beach Friday as a new commodore took command.

Capt. H. B. McClure turned over the squadron to Capt. B. D. Gau aboard his flagship the missile frigate USS England at Long Beach Naval Station.

"I'll continue to be in England," Capt. McClure said. His orders take him to London for staff duty with the commander-in-chief, Europe.

Capt. Gau reports from duty on the joint staff of

the Joint Chiefs of Staff. He was in Long Beach eight years ago as skipper of the destroyer USS Manfield.

Rear Adm. Sam Moore, commander, Cruiser-Destroyer Flotilla 7, commended the squadron "for its outstanding record on a heavy operational schedule while deployed."

The Brush returned from deployment just two hours before the ceremony to fill out the squadron at home.

HAIGHT-ASHBURY HANGUP

Look Homeward, Lonely Hippie

Editor's Note: Opinions differ on what's happening, but Reporter Art Vinsel found in a recent visit to San Francisco's Haight-Ashbury district most people there agree it is dying.

By ART VINSEL

swoop (shrill collective myth) into thy grave merely to toil the scales to shillness per every madge and mabel dick and dave — tomorrow is our permanent address

— poet e.e. cummings

A stringy-haired young man sits motionless, one dark blot against the high, blank wall of the church, appearing from across Haight Street like a stark Zen Buddhist painting.

"Let's cross," says Les Sanny, "there's a guy I want to talk to for a minute."

Sanny, 33, is a dental student employed in a new federal survey of the Haight-Ashbury. He is well aware of the shifting moods in the community.

One of his questions: Where does the movement go from here?

"I don't know where next..." says Richard, 23, son of a military officer; raised a Catholic; committed to drifting, and just coming down from a 48-hour LSD trip.

MOST OF THE SUMMER surge which filled the community, and perhaps mortally-wounded its early spirit has flowed away — to Big Sur, Mexico, Chicago, New York — often to conventional life.

"Some have split for the woods, man, but it's really hard to tell," says Richard, explaining it partly as credibility gap between geographical groups.

In other words, which professed hippies can you believe?

"You have us here doing our thing, and in Berkeley," he says, "you have people who claim they're hippies when they're going to graduate from Cal and be law-

yers in the sixty-thousand-a-year bracket."

"Wow Man," bushy-bearded Richard says, turning away from Sanny, "I just flashed on your moustache. I can't wax mine — every time I light a roach (marijuana cigarette) off the stove, I turn into a forest fire."

THE WORD "FLASH" is a term for recognition, but also uses slang for LSD's first physical sensation.

"Man, I kept flashing on you," he calls to passing boy with fatigue-flamed eyes, "you come out from Detroit. I picked you up hitch-hiking down by Los Angeles. Where have you been?"

"Busted," says the new arrival. "I got 21 days in jail for vagrancy, but they made me a trusty and I escaped. Maybe I'll write them a letter and try to clear it up."

This is Jack, drifter; drug user and frequent arrestee.

He sits down to give Sanny an interview, dipping into our bag of grapes, because hunger haunts the Haight and sharing is the way of life.

Jack and Richard agree tourists are responsible for the destruction of Haight-Ashbury's carefree climate, but others blame them and multitudes like them.

Word of a good thing quickly spread and disenchanted youth turning away from their fathers' households like St. Francis, namesake of the city — flocked to San Francisco.

But they — unlike St. Francis — were not spiritually ready, Haight-Ashbury leaders believe, and the community wasn't prepared for them.

"THE NAME HIPPIE" created for unthinking youths a new role, a completed model for them to adhere to, without the internal commitment," said a news circular recently distributed in the Haight.

As the pilgrimage grew, official concern mounted over narcotics and health problems, and with came

MATRON SCOWLS AT HAIGHT AND MASONIC STREET TROUPE

mass media publicity, shaking the colorful, kaleidoscopic community down into social extremes of black and white.

Haight-Ashbury then came to be a household word, and the householders came to see the newest symptom in what they fear is the decline and fall of American society.

The process continues today, but what is it the hippies and hangers-on are seeking? The end of loneliness? Of Frustration? Alienation? Fulfillment of a need for simple human love?

If they must hunt for it, will they ever really find it? And if they do, will they be aware?

Stopping in a warm bar, watching Haight-Ashbury people hurry through a cold, swirling fog, one partial answer walks through

the narrow, dark door.

HE IS JAMES, 23, wild-eyed; agitated; trembling; almost incoherent, able only to point to a bottle of beer — obviously in need of help.

After a talk, we follow clammy streets to a volunteer drug abuse clinic, where unconscious youths lie "crashed" on mattresses — a handful of 200 daily casualties.

A teen-aged boy sits on a couch in the unlighted room, carrying on a conversation with the sun.

"I feel lonely. I feel like crying myself to death. Don't leave me," whimpers James when it is time to go.

He denies having taken drugs.

"He's our resident alcoholic," says the volunteer psychologist outside the door. "He's just drunk —

been here every third night since June."

ONE CANNOT ESCAPE the sound of music in Haight-Ashbury. Returning to the tavern to report on James, I find the jukebox oozing a sugary-sad popular tune:

"Please release me... let me go..."

This is the story of James and thousands like him, who always set out for the end of every new rainbow, only to find that treasure lies far beyond the limits of mere wishing.

It kills them a little every time.

The original Haight-Ashbury community that could have been — one of warm, open, sensitive people — is dying with them.

EPILOGUE SUNDAY: The home of the restless is laid to rest.

Rep. Craig Hosmer, R-Long Beach, says a United States Arms Control and Disarmament Agency pamphlet may violate a law prohibiting lobbying with federal funds.

He made public Friday a letter to William C. Foster, agency director, saying he has asked the government printing office for details as to the cost and number of copies of the document printed.

Hosmer referred to a publication entitled "The Non-Proliferation Treaty — Why?" He said it includes 9 pages of text, 1 page of President Johnson's presentation to the 18-nation disarmament committee, and "an overleaf entitled 'What the treaty calls for...'" "As I read the document, in my opinion, it violates the statute prohibiting lobbying with appropriated funds," he wrote Foster.

"The document is no different from any other presented by a lobbyist or non-official group seeking to influence actions or legislation by the federal government."

The student said Alquist, who had been separated from his wife for five months, told him to leave. As he did, he said he saw Alquist shoot the woman.

The youth summoned police, who found her dead on the living room floor. Alquist was found dead in a bathroom, and police said his small pistol had killed both of them.

Miller said Reagan had proclaimed spending cuts and then, finding they were unrealistic, had to restore the funds involved.

He contended Reagan had demonstrated a contempt for the Legislature and its work on the budget by vetoing items totaling \$343 million.

Miller said this represented a grievous mistake in its effect on the constitutional balance between the executive and legislative branches.

come up with more bodies than they are presently reporting as available," he said after a meeting with Spencer Williams, health and welfare secretary.

"Frankly, I'm disappointed," Briggs said.

But the state's top welfare official said he really didn't know yet how it was going.

Assemblyman John V. Briggs, R-Fullerton, said there was an "army of welfare recipients available" to harvest crops in the state and that he did not feel prison labor was the answer.

"I can see no reason why welfare directors of the counties involved cannot

work on farms.

7 Judges
Sworn In
by Reagan

Seven newly appointed superior and municipal court judges took their oaths of office Friday from Gov. Ronald Reagan in the Los Angeles County Courthouse.

Gov. Reagan thanked the jurists "for accepting this great responsibility," pointed out that "we live in a nature of laws and not of men."

The governor said there is a concern by the public for the process of law.

"Many people fear certain standards are being eroded away," Reagan said during brief remarks to the seven judges.

"On behalf of the citizens of the state I wish to thank you for accepting his responsibility," Reagan concluded.

THE NEW SUPERIOR court judges are attorneys Donald W. Hamblin, 59, of Pasadena, and John L. Cole, 44, of Northridge; Former Los Angeles Municipal Court Judge Howard H. Schmidt, 54, of Los Angeles; former Compton Municipal Judge Donald E. Dunbar, 50, of 1610 Tartar Lane, Compton; and former Glendale Municipal Judge Kenneth A. White, 58, of Glendale.

Massie, 25, had been scheduled to be executed Tuesday for the slaying of Mrs. Mildred Weiss, San Gabriel, during a Jan. 7, 1965, armed robbery.

Vetter, who drew a life term in his first trial, was convicted of acting as Massie's driver in the murder-robbery. But the State Supreme Court granted him a new trial.

His attorneys said they

Killer Given Stay He Doesn't Want

SACRAMENTO (UPI) — Gov. Ronald Reagan Friday reprieved convicted killer Robert L. Massie from death in the San Quentin gas chamber until Nov. 2 — against the slayer's wishes.

He took the action to allow Massie to be a witness in the new trial of his alleged accomplice, John R. Vetter.

But Los Angeles Judge H. Eugene Brietenbach, trying Vetter's case, received a telegram from Massie saying he would refuse to testify.

"You are hereby advised that I do not want a stay of execution," Massie said in the telegram. "If I am sent back to Los Angeles as a material witness, I will not testify. I will remain mute."

HIS REFUSAL could raise legal problems. He filed a deposition last week exonerating Vetter but the statement can be used under state law only when a witness is not available in person for reasons of death, mental or physical illness or because he cannot be located.

Massie, 25, had been scheduled to be executed Tuesday for the slaying of Mrs. Mildred Weiss, San Gabriel, during a Jan. 7, 1965, armed robbery.

Vetter, who drew a life term in his first trial, was convicted of acting as Massie's driver in the murder-robbery. But the State Supreme Court granted him a new trial.

LOS ANGELES (CNS) — Ramon E. Soto, facing trial for the murder of his girlfriend, shot and killed himself Friday, 77th Division detectives reported.

The 35-year-old Soto, free on bail, was found dead in his South Los Angeles home.

Detectives said he had been arraigned in Superior Court for the murder of 35-year-old Virginina Cancel, 15514 Nuana Drive, Gardena. Miss Cancel, who allegedly spurned Soto, was killed July 30.

LBJ Seeks Pressure to Gain Tax Boost

(Continued from Page A-1)

officials of the Home Loan Bank Board. They regulate the savings and loan industry, which, the President said, would be among the hardest hit by the "credit crunch" he foresees if Congress fails to raise personal and corporate income taxes.

WHETHER THERE was still a chance to get action at the current session of Congress, however, was unclear. As Johnson spoke, so did the influential chairman of the House Ways and Means Committee which tabled the tax bill by a vote of 20 to 5 last Tuesday.

The chairman, Wilbur D. Mills, D-Ark., said he wanted not only cuts in this year's federal budget but also a re-evaluation of all expensive government programs and priorities in future years as a "prerequisite" to his even "considering" the tax measure.

The President, however, said he was not yet bowing to the resistance on Capitol Hill. He urged his guests to spread the word in their industry and "to try to get

CROWD WAITS TO ATTEND JACK KIRSCHKE TRIAL

Bartender Says Elaine Called Kirschke a Name

(Continued from Page A-1)

were no customers in the bar when the Kirschkes walked in. He said he served them two or three drinks of Courvoisier (cognac) straight.

"I walked to the other end of the bar," Bricker said. Then, he said, he turned. "I noticed cognac running down Mr. Kirschke's face. I handed Mr. Kirschke some napkins. He wiped it off and just kept smoking his pipe."

Bricker said that although he did not see Mrs. Kirschke actually throw the cognac into her husband's face, he noticed that her glass was empty and Kirschke's glass was still full.

Mrs. Kirschke, he said, had her elbow on the bar, her hand up to her forehead, and "her head was leaning way down."

After saying he couldn't tell whether she was sobbing he said, "It was either a giggle or a sob or something. It was real soft."

Harris asked Bricker if he heard either of the Kirschkes say anything at the time. Bricker said yes, and Harris told him to repeat it.

SHE DOUBTED very much if Mr. Kirschke's mother and father were married, Bricker said.

"Is that what she said?" Harris demanded. "Give us the words."

"Right out loud?" Bricker asked with a shocked look on his face. "Yes," Harris said.

Bricker looked nervously at the six women on the jury, wriggled, then came out with it. "You bastard!"

He said he teased Mrs. Kirschke about the incident a week later when she came into the bar.

They were removed during the coin shortage of recent years to prevent too many coins from winding up in the hands of collectors and dealers.

Beginning Jan. 1, coins made at Denver will bear a "D" on their face while those made at San Francisco will include an "S." Coins minted at Philadelphia will bear no mint mark as was the practice before the shortage.

The judge may know as the songwriter did — that every little movement has a meaning all its own.

U.S. Will Put

Mint Marks

Back on Coins

They were removed during the coin shortage of recent years to prevent too many coins from winding up in the hands of collectors and dealers.

Beginning Jan. 1, coins made at Denver will bear a "D" on their face while those made at San Francisco will include an "S." Coins minted at Philadelphia will bear no mint mark as was the practice before the shortage.

"WHEN SHE USED this word toward him, she didn't put the word 'dirty' before it?" Ramsey asked. "Oh no, sir," Bricker said piously, "everything was clean."

The jury chuckled and a

minute later Bricker was excused from the stand.

The trial will go into its 23rd day Monday, with the jury excused for the morning while Ramsey and Harris argue over whether or not statement Elaine Kirschke made to her neighbors about the treatment given by her husband should be admitted into testimony.

Harris has scheduled three women friends of Mrs. Kirschke to appear next in the order of the prosecution witnesses and

Bricker said that although he did not see Mrs. Kirschke actually throw the cognac into her husband's face, he noticed that her glass was empty and Kirschke's glass was still full.

Mrs. Kirschke, he said, had her elbow on the bar, her hand up to her forehead, and "her head was leaning way down."

After saying he couldn't tell whether she was sobbing he said, "It was either a giggle or a sob or something. It was real soft."

Harris asked Bricker if he heard either of the Kirschkes say anything at the time. Bricker said yes, and Harris told him to repeat it.

SHE DOUBTED very much if Mr. Kirschke's mother and father were married, Bricker said.

"Is that what she said?" Harris demanded. "Give us the words."

"Right out loud?" Bricker asked with a shocked look on his face. "Yes," Harris said.

Bricker looked nervously at the six women on the jury, wriggled, then came out with it. "You bastard!"

He said he teased Mrs. Kirschke about the incident a week later when she came into the bar.

They were removed during the coin shortage of recent years to prevent too many coins from winding up in the hands of collectors and dealers.

Beginning Jan. 1, coins made at Denver will bear a "D" on their face while those made at San Francisco will include an "S." Coins minted at Philadelphia will bear no mint mark as was the practice before the shortage.

The judge may know as the songwriter did — that every little movement has a meaning all its own.

"WHEN SHE USED this word toward him, she didn't put the word 'dirty' before it?" Ramsey asked. "Oh no, sir," Bricker said piously, "everything was clean."

The jury chuckled and a

Ramsey has raised objection to their testimony.

Earlier Friday, a special agent from the Attorney General's office told the jury about an early morning drive from Naples to Las Vegas in which the prosecution attempted to prove its theory that Kirschke could have murdered his wife and her lover then driven to Las Vegas in time to be seen by fellow Rotarians Saturday morning, April 8.

Kirschke maintains he left International Airport between 11 p.m. and midnight April 8 and drove to Las Vegas with a stop near Yermo for gas, another stop for breakfast, and then arrived in the casino city about dawn.

SPECIAL AGENT William B. Allen told the jury, over the objections of Defense Attorney Albert C. S. Ramsey, that he made a test run starting at 1:30 a.m. on a Saturday, stopped for gas at Yermo and arrived in Las Vegas at 6:05 a.m. It took him 2 hours and 14 minutes to get to Yermo, and another 2 hours and 15 minutes to reach Las Vegas in light traffic, he contended.

The prosecution theory is that Mrs. Kirschke and Drankhan were slain in the Kirschke master bedroom in the early morning hours of April 9. Ramsey objected to the testimony on the grounds the 1963 Volkswagen driven Allen drove might not have been in the same condition as the suspended district attorney's 1963 Volkswagen.

The "Airwatch" pilot reported the object appeared to be made of chrome and was about 20 feet long.

In the meantime, police switchboards were swamped with hundreds of reports of the sighting. The UFO was first spotted about 5:15 p.m.

OFFICERS said traffic on the Golden State Freeway was at a standstill because motorists stopped their vehicles to get out for a better look at the shining object.

And housewives in the area surrounding Griffith Park "dropped everything" to run into their backyards to see the UFO.

One, 43-year-old Jennie Wong, claimed she spotted what appeared to be the same object two days ago.

Mrs. Wong said the object rose slowly in the sky about the same time Wednesday as it did Friday.

The KMPC helicopter pilot reported what ever the UFO was, it appeared to be man-made.

Police said it probably was a Navy balloon, but Navy spokesmen denied any knowledge of it.

TELE-VUES**Binglet, Burtlet
Making Debuts**

By TERRY VERNON

More offspring of the performer greats and near-greats are showing up on the TV stages next week.

Burt Lancaster's son Bill makes his acting debut on "The Big Valley" Monday; Bing Crosby's young daughter, Mary Francis appears with her dad in a drama Monday night. The Sinatra spinoffs are regularly employed.

Another, who will show up Sept. 15 on the "Mission: Impossible" screen, is the son of that mini-menace Peter Lorre.

Peter Lorre Jr. is 30 years old now and has been in several TV shows and a motion picture. He has this to say—as say they all: "I would like to make my own way."

CRITICISM of television is fine—we think the medium generally gets away with murder.

But when TV does something good, it should be recognized.

Channel 9 on Sept. 29, for instance, staged an hour show featuring Marcel Marceau, the mime. It was the first one-man TV show for Marceau, who has been a guest on numerous network programs.

Strangely enough, not a single review of the show appeared in area newspapers.

Marceau's performance, for the most part pantomime, hardly deserves this silent treatment. It was a piece of artistry and entertainment and, for our part, we think it worthy of TV Academy prize consideration. This same show, put only the networks, would have been boomed all over the nation as credit to the

**Rural Assistance Chief
Says Reagan's Wrong**

LOS ANGELES (AP) — California Rural Legal Assistance director James D. Lorenz said Friday Gov. Reagan is "wrong in his facts" about the organization's work, and he has asked for face-to-face talks with Reagan.

The nonprofit CRLA, supported by war on poverty funds from the Office of Economic Opportunity, has been criticized by Reagan and Sen. George Murphy, R-Calif., for using federal funds to challenge governmental agencies.

IN INVOLVES suits filed against the Sutter County Welfare Department in which, Lorenz said, his clients have won 12 of 13 decisions rendered so far.

"I can't see how, with such results, it could be considered harassment," Lorenz said of Reagan's statements.

He said Reagan and his staff have made no attempt to communicate directly with the CRLA.

**Strict Rules
on Trucks**

SACRAMENTO (AP) — The state will seek legislation tightening regulation of trucks carrying hazardous cargoes as a result of an accident near Blythe in Riverside County this week.

The announcement came Friday from Gordon C. Luce, secretary of the Business and Transportation Agency.

ON TUESDAY, a low-axle truck loaded with the deadly insecticide para-thion overturned on a major highway, Interstate 10, spilling 50 cartons. The road had to be closed off because of deadly fumes.

Funds Delay Water Project

SANTA CRUZ (AP) — "Non-essential" state Water Project facilities such as recreation development must be delayed because of a fund shortage, the state Water Commission declared Friday.

It told the Reagan administration that because of the financial problems, "it would be fool-hardy to continue construction on the established schedule based only on expectation of new funds."

The project, authorized by voters in 1950 at a cost of \$1.75 billion, now carries an estimated price tag of \$2.8 billion.

The project, authorized by voters in 1950 at a cost of \$1.75 billion, now carries an estimated price tag of \$2.8 billion.

The project, authorized by voters in 1950 at a cost of \$1.75 billion, now carries an estimated price tag of \$2.8 billion.

KGR—Sunday Mission,

Veterans of 1917 Meeting in L.B.

A memorial service and dinner party will be the highlights of a daylong reunion of the 31st Railway Engineers in Edgewater Inn

First elements of the anticipated 130 World War

veterans arrived Friday, took a guided tour of Long Beach Harbor and sat around talking about the days when their outfit — formed in Kansas with 11,734 men in 1917 — sailed to France. The stories, one old timer remarked, get taller every year.

Today's schedule includes a 9 a.m. memorial service, to be conducted by the outfit's chaplain, John Wilson of Fort Worth, Texas. Wilson, now 90, was in France with the force.

Later in the day, the veterans will gather in Edgewater's Riviera Room for cocktails and dinner.

Two Long Beach men — Roy Rospke and M.C. Hammond — are acting as cochairmen for the reunion.

Rites Slated for Marine John Norris

Memorial services will be held at the Neighborhood Church at Palos Verdes Estates at 2 p.m. Monday for 2nd Lt. John Alexander Norris, 25, killed in action in Vietnam Oct. 4.

Lt. Norris was the son-in-law of Rear Adm. and Mrs. Robert Clark, who lived in Long Beach when Adm. Clark was commanding officer of the Long Beach Naval Station. The widow, Constance, has been residing with her parents at 28232 Lodbrook Drive, Palos Verdes Peninsula, while her husband was overseas.

A graduate of the USMC Officers Candidates Course, Lt. Norris was serving as a platoon leader when he was hit by gunshot near Quang Nam. Funeral services and burial will be at Golden Gate National Cemetery, San Bruno.

BRONZE STAR . . . 22 YEARS LATE

Joseph J. Unglo (left) California Department Commander of Military Order of the Purple Heart presents Bronze Star Decoration to Kenneth A. Weaver of 3418 E. 10th St. Friday night in Veterans Memorial Building. Weaver, who has the Purple Heart with a cluster and 4 battle stars, received award for rescuing wounded buddies during action in World War II.

TALKS TO LIONS

Deuk Cites Tax Break for Aged

but, after paying, qualified claimants may file a request for assistance with the Franchise Tax Board.

The Tax Board will determine the amount of assistance to be given on the basis of the household income of the claimant, and by the amount of property tax paid on the first \$5,000 of the assessed value of the home and furnishings.

Deukmejian said his Senate Bill 556 will make an estimated 150,000 elderly residents with limited incomes eligible for \$22 million in property tax assistance beginning with the assessment of December 1967.

The new law provides that persons 65 and over with household incomes below \$3,350 pay their annual property tax bills as usual.

A claimant with an annual income of less than \$1,000 would be reimbursed for 95 per cent of the tax paid on the first \$5,000 of assessed value.

A claimant with an income of \$2,000 would be reimbursed 55 per cent. At \$3,000 income, reimbursement would be 15 per cent.

Heart Attack Kills Professor Arthur Lockley

Funeral services will be held this afternoon for Arthur S. Lockley, associate professor of zoology at California State College at Long Beach, who died Wednesday of a heart attack.

Rites for Lockley, 49, of 6801 Park Ave., will be at 1:30 p.m. at Forest Lawn, Cypress.

A member of the CSLB faculty since 1956, he was a specialist in marine biology. He previously taught at California State College at Los Angeles and at the University of Oregon.

Surviving are his wife, Avis, and two daughters, Judy, and Mrs. Cynthia Hutchinson.

Tapped by Burglars

Burglars who used a sledge, a crowbar and screwdrivers to break into Quality Beer Distributors Friday were after more

than a six-pack.

Long Beach police said the prowlers took \$2,500 from the company safe, at 1100 DeForest Ave.

Patrolman Robert A. Fowks said the burglars left a trail of safecracking tools, unwanted checks and discarded cashboxes strewn from the safe itself to Loma Vista Drive and Chester Place, one block away.

1740 W. Cowles St.

LONG BEACH

What's happening at The Lafayette?

Not much. And a lot.

It depends on how you look at it.

The Campbell family, as you may know, bought the place back from the Hilton chain. And they're making some very big changes.

A top-to-bottom remodeling and redecorating program is underway.

Some very nice apartments are now available for month-to-month rental, with daily maid service if you wish it.

And soon, a number of fine condominium apartments will be offered for purchase at remarkably low prices.

All residents will be able to take

advantage of the many new facilities, including an arts-and-crafts center, library, reading and billiards rooms and laundry.

But some things haven't changed.

The delightful Fife & Drum room is still open for luncheon and cocktails, the new coffee shop is open, hotel accommodations are still available in the Lanai suites and all the party and banquet facilities are still going strong.

In short, starting right now there's a new look to the Lafayette. And it will get a little bit better every day.

GRANTS GIFT OF PRIDE

The Godmother of Watts'

By BARBARA KNESIS

Fairy godmothers don't wear brown net stockings and minidresses and look like Miss America.

But try and convince 19-year-old Sheila Chaney — or, for that matter — any of her six classmates.

The seven young women look at the last year of their lives as a giant fairytale and at Mrs. Harriet Goslins, a shapely, 23-year-old housewife-student-model of Cypress as the woman with the wand.

FOR THE past 12 months, Mrs. Goslins, a dental hygienist by profession, has been donating her Wednesdays to training the Watts women in the intricacies of dental assisting.

A week from Sunday, the seven will be graduated in ceremonies more elaborate than some of them ever dreamed possible. There will be engraved invitations, speakers, diplomas (unofficial ones because the state doesn't require board certificates for dental assistants) and a reception.

For the girls, many of whom never were graduated from high school, it is the first time something special has happened to them.

Some like Miss Chaney are having relatives come from as far away as San Francisco and Texas.

"It is the most important thing that ever happened to me," says Miss Chaney, sinking into a couch in the Downey dental office of Mrs. Goslins' husband, Martin Goslins. The girls are wrapping up their clinical training at his office.

MRS. HARRIET GOSLINS explains procedure in dental assistant work to her pupils Yvonne Robinson (left) and Alleen Haynes.

—Staff Photo

Her arms crossed in front of her starched white uniform and her eyes pinned to the floor, but her voice is brimming with emotion.

"Inside there's something wonderful. I got something to look forward to. I have something to hold onto now."

She unlocks her arms and pounds her chest. Her eyes lift.

"It's in here," she says.

The streak of blonde which runs through the front of her dark hair falls on her forehead and she pushes it back into place. Then she laughs softly.

"I know Mrs. Goslins is a wonderful person. She has to be to do something with me.

"You know," she goes on, "if we missed class a day, she used to send someone out to find us" — there is a long pause — "it feels good to know someone in the world is willing to go out of her way for you."

Watts is a long way from Orange County and what was it that prompted Mrs. Goslins to make the journey?

"When I'm busy later in life," the wide-eyed woman says, "I want to be able to think that there are girls walking around whose lives

was it that prompted Mrs. Goslins to make the journey?

"When I'm busy later in life," the wide-eyed woman says, "I want to be able to think that there are girls walking around whose lives

about to conclude, Mrs. Goslins has turned her sights toward placing the girls in dental offices.

"I feel a moral responsibility to get them their first jobs," she says, explaining that she "will have done more harm than good if after all this, they have to go to work in a dime store or something."

have been changed and bettered because of me."

After reading a newspaper article on the lack of programs for girls in the federally sponsored Neighborhood Youth Corps, she went to the Watts Labor Community Action Committee with her proposal. It was accepted.

She started with a class of 20.

"I told the girls I was no Dr. Schweitzer, that my husband and family came first. Then they were next. They always knew where they stood. We were honest with each other from the start," Mrs. Goslins says.

After awhile, the class was cut in half "because some of the girls found it was not going to be a joy ride."

IT WAS then the transformation began. From "irresponsible teen-agers," the girls turned into dignified, professional, responsible young women.

They saved their money and bought white uniforms to wear to class.

Their professionalism stretched beyond the classroom.

"One of the girls convinced her neighbor of the importance of having dental work done on her young children. Another one of the girls made her boyfriend carry a toothbrush around in his car," she says.

With her classroom work

about to conclude, Mrs.

Goslins has turned her

sights toward placing the

girls in dental offices.

"I feel a moral responsibility to get them their first jobs," she says, explaining that she "will have done more harm than good if after all this, they have to go to work in a dime store or something."

THE FRAGILE young woman has Gov. Reagan in her corner.

"When he heard what I was doing," she explains, "he called me at work and wanted to know what he could do to help. I told him to get the ball rolling to place the girls.

She grins.

"I don't know how I managed to say anything to him. I was so excited."

The next thing she knew, a man from the state Employment Service called to tell her he was assigned to help her.

Mrs. Goslins says she still could use more help. Only two of the girls will have jobs to go to when they finish their two-week internships.

She shakes her head back and forth, disbelievingly.

"You know when I first started this program, I thought I could walk away when it was finished — but I will never be able to walk away again."

IN THE RUNNING FOR HOMECOMING QUEEN

Candidates for Long Beach City College's homecoming queen were announced Friday afternoon. The queen will be elected Oct. 17 and preside at the homecoming program and game Oct. 21. Candidates in front row (from left) Monica White, Betty Hunt, Robin Tweedy, Kerry Lynch and Chris Conlin. Back row (from left) Ginger Avary, Candy Potts, Kep Probst, Kristi Hill, Cherie Mielke and Chris Faus.

Navy's Newest, USS Catskill, Joins Fleet at Long Beach

By BUCK LANIER
Military Editor

The Navy's newest ship, the USS Catskill, joined the Pacific Fleet Friday at Pier E.

A mine countermeasures support ship, "the Catskill will introduce a new and potentially revolutionary concept of helicopter mine-sweeping," Rear Adm. Horace V. Bird, commander, Pacific Mine Force, said in his commissioning address.

"Her two Sea King helicopters, coupled with her 20 minesweeping launches, will give the Catskill a capability of her own which will increase the mine countermeasures posture of the 7th Fleet," the admiral said.

NEARLY 2,000 persons rose at 2:23 p.m. as the commissioning pennant and Old Glory went up to the strains of the National Anthem.

Capt. Earle L. West of Ulysses, Neb., is the commanding officer.

The ship will function as a flagship and transport, in addition to supporting an explosive ordnance disposal team. It will also provide fuel and repair facilities for ocean and coastal mine-sweepers and aid in the anti-air defense of a task group.

She is fitted with racks and control facilities to lay mines, too.

CAPT. EARLE L. WEST (right) assumes command of the mine counter-measures support ship USS Catskill Friday at Pier E as Rear Adm. Horace V. Bird, Pacific Mine Force commander, begins to acknowledge. Adm. Bird put the ship into commission seconds earlier.

—Staff Photo

The original Catskill was placed out of commission in 1946 after duty as a vehicle and personnel landing ship in World War II. In 1964 she was taken out of the reserve fleet and converted in New Orleans.

Adm. Bird outlined the role of the Mine Force in Vietnam and told the Cat-

skill crewmen assembled on the pier that "you will sail many miles working long and hard hours as your ship sails for your country."

Crewmen started aboard to the concluding strains of the Navy Hymn as the precision 23-minute ceremony came to a close.

William E. Walkup, Orange County Civil Defense director and president of the state's Civil Defense and Disaster Association, suffered a fatal heart seizure in his office Friday.

The 59-year-old former Army colonel was dead-on-arrival at Santa Ana Community Hospital after suffering the heart attack about 9:35 a.m.

He is survived by his wife, Barbara. They lived at 2917 Via San Geronio in San Clemente.

Bid on Ditch

A. F. Gaudenti Landscaping Corp. of San Pedro has submitted a low bid of \$322,928 for landscaping and construction of an irrigation ditch on Interstate 405 near Seal Beach, according to the State Division of Highways.

Lt. Richard C. Thomas, 48,

of Pico Rivera, was still hospitalized however. NAR officials said both Trinkle and Thomas inhaled the fumes from the blast.

The explosion occurred during a routine loading of powdered barium into a metal cannister for shipment to another space research center.

Two Southland Marines Killed

Two more Southland Marines were listed by the Department of Defense Friday among latest American casualties in Vietnam.

Killed in combat were 1st Lt. Harold J. Moe, whose wife resides at 1205 Kathy Lane, Santa Ana, and Pfc. Mark W. Judge, son of Max O. Judge, 2433 W. 236th St., Torrance.

Spokesmen for the Downey space division of NAR said the probes met throughout the day Friday "and will probably meet for most of the weekend as well."

"We've got to find out what caused the blast," a spokesman declared.

THE BODIES of the two victims remained in the Miller Downey Mortuary in Downey, awaiting autopsies by Los Angeles County coroner's doctors. Coro-

have been changed and bettered because of me."

After reading a newspaper article on the lack of programs for girls in the federally sponsored Neighborhood Youth Corps, she went to the Watts Labor Community Action Committee with her proposal. It was accepted.

She started with a class of 20.

"I told the girls I was no Dr. Schweitzer, that my husband and family came first. Then they were next. They always knew where they stood. We were honest with each other from the start," Mrs. Goslins says.

After awhile, the class was cut in half "because some of the girls found it was not going to be a joy ride."

IT WAS then the transformation began. From "irresponsible teen-agers," the girls turned into dignified, professional, responsible young women.

They saved their money and bought white uniforms to wear to class.

Their professionalism stretched beyond the classroom room.

"One of the girls convinced her neighbor of the importance of having dental work done on her young children. Another one of the girls made her boyfriend carry a toothbrush around in his car," she says.

With her classroom work

about to conclude, Mrs.

Goslins has turned her

sights toward placing the

girls in dental offices.

"I feel a moral responsibility to get them their first jobs," she says, explaining that she "will have done more harm than good if after all this, they have to go to work in a dime store or something."

THE FRAGILE young woman has Gov. Reagan in her corner.

"When he heard what I was doing," she explains, "he called me at work and wanted to know what he could do to help. I told him to get the ball rolling to place the girls.

She grins.

"I don't know how I managed to say anything to him. I was so excited."

The next thing she knew, a man from the state Employment Service called to tell her he was assigned to help her.

Mrs. Goslins says she still could use more help. Only two of the girls will have jobs to go to when they finish their two-week internships.

She shakes her head back and forth, disbelievingly.

"You know when I first started this program, I thought I could walk away when it was finished — but I will never be able to walk away again."

Three motorcyclists suffered fatal injuries and a Manhattan Beach man died in the flaming wreckage of his car in four separate accidents Friday in Los Angeles and Orange counties.

Dead are:

Donald R. Jacobs, 19, of 19451 Bluegill Circle, Huntington Beach;

Stephen James O'Hara, 19, of 914 Ocean Ave., Seal Beach;

Gerald Dean Hudson, 20, of 9024 Mueller Ave., Downey;

Charles Edwin Dunlap, 35, of 225 Rosecrans Ave.,

Manhattan Beach.

Jacobs was killed when his motorcycle collided with a car around 4:30 p.m. at Bushard Street and Yorktown Avenue, according to Huntington Beach police.

The driver of the car, Kathleen Fogarty, 22, of 1509 Abalone Drive, Balboa Isle, was not injured. Police said the accident is still under investigation.

O'Hara died at Huntington Beach Intercommunity Hospital at 6:40 p.m. after he was thrown onto Pacific Coast Highway in Sunset Beach when his motorcycle

struck a pickup truck and he was run over by a passing auto.

California Highway Patrolmen said the car did not stop and the driver apparently was unaware that his auto had run over the downed youth.

Hudson received fatal injuries when his motorcycle slid beneath the wheels of a pickup truck making a left turn at Lutwiler Avenue and Ocaso Street south of Whittier.

Highway Patrolmen said the youth died at Norwalk Community Hospital at 10:40 a.m., one hour after the accident.

Dunlap's auto triggered a flaming six-car pileup on the San Diego Freeway at Rosecrans Avenue when it smashed into a guardrail.

Eight other persons received minor injuries in the mishap, which occurred shortly after midnight. Officers said freeway traffic was halted for about 30 minutes.

Dunlap was dead-on-arrival at Gardena Emergency Hospital.

United Steelworkers Union members headed a Superior Court order and returned to work Friday at Downey and Fullerton plants of Aerojet General Corp., ending a week-long wildcat strike.

Los Angeles Judge Ralph Nutter Thursday issued a temporary restraining order against walkouts and

picketing at the plants, which manufacture defense equipment used in Vietnam.

About 400 machinists represented by Steelworkers Local 4670 struck in a dispute over hiring and lay-off practices, and some members of other unions refused to cross picket lines.

INSTITUTE OF LIFETIME Learning officials at Friday's open house include (from left) Joe C.

Gunn, dean; Gregor Ziener, program director; David Jeffreys and Foster J. Platt, both directors.

FORECAST FOR SUNDAY

ARIES (March 21-April 19): Don't rush decisions. There is information due to arrive which could change picture. Realize this. Respond accordingly. Social care during any journey.

TAURUS (April 20-May 19): You are not what appears obscure. You are due to strike pay dirt. Some may attempt to discourage you. Pay them no heed. Get going.

GEMINI (May 21-June 20): Aggressive individual could test your mettle. Adhere to principles. Don't give up because of minor discouragement. Finish what you start. Keep promises. Don't forget health resolutions. Key is moderation.

CANCER (June 21-July 20): Fight to adhere to principles. Don't give up because of minor discouragement. Finish what you start. Keep promises. Don't forget health resolutions. Key is moderation.

LEO (July 22-Aug. 21): You may try to move too fast. Included personal and professional areas. Wise to pace yourself. Welcome new contacts. Don't forget to commit yourself to challenging scheme.

VIRGO (Aug. 23-Sept. 22): If wife, you will have side trips. Means avoid excess traffic. Condition in your chart urges against taking unnecessary chances. Relative may be argumentative.

LIBRA (Sept. 23-Oct. 22): Concentrate efforts. You may feel that your services are not appreciated. You are not the slick. Maintain balance, sense of humor. Be sociable without wasting time.

SCORPIO (Oct. 23-Nov. 21): You may be caught in dilemma concerning possessions, investment. Key is to examine facts. Be thorough. Some may be impatient. Don't be influenced. Be gracious but cautious.

SAGITTARIUS (Nov. 22-Dec. 21): Key point will be direct confrontation. You have been putting off decision. Today is the day. Get going. Push the button.

CAPRICORN (Dec. 22-Jan. 19): Some of your doubts vanish. You are able to obtain proper perspective. Annies established. Where home, family, are concerned. Ask for questions. You obtain answers.

AQUARIUS (Jan. 20-Feb. 18): Some of your friends may be getting too fast a pace. Don't be carried into foolish situation. Head your own counsel. Some around you may be inspired by erroneous ideas.

PIRATES (Feb. 19-March 20): You get action areas. You are able to succeed again through persistence. Drive through to completion of idea, mission. One who has authority reluctantly makes concession.

GENERAL TENDENCIES: Cycle high for Sagittarius, Capricorn, Aquarius. Special word to Virgo: seek harmony at home. Don't irritate older individuals.

BRIEFLY . . .

Theonetics, Pete's Sake, and 'New Spirituality'

By LES RODNEY

Those stimulating "theonetics" discussions pioneered by the Southland Council of United Presbyterian Men last year are back in Long Beach at Edgewater Inn next Friday and Saturday, Oct. 20, 21. Sessions will focus on the youth scene, in four sections. "Youth values today" on Friday afternoon. "Youth in action" Friday evening. "What the hippies are trying to say," Saturday morning. "Youth speaks to the church," Saturday afternoon. There was some pretty deep probing in last year's pioneering sessions.

PERSONALLY recommended as well done, unstuff presentation of real people — "For Pete's Sake!", playing through Tuesday at the Anaheim Fox. The timeless "message" flows out of successful film art, and that's something.

IN AN interesting address Tuesday entitled "The New Spirituality" following his inauguration as president of San Francisco Theological Seminary (Presbyterian), Dr. Arnold B. Come vigorously denied the notion that modern technology has "squeezed man flat and left him void of all higher and more complicated sensitivities," and that modern secularization has "left man without any categories of right and wrong and without any sense of awe and wonder before the mysteries of life."

Argued Dr. Come: "By his very nature man cannot be turned into a machine. If his spirituality is squeezed out of one area of his life, it will break out in another."

He cited as examples the growing number of lay theological groups being formed, the great appeal of programs such as the Peace Corps and Vista, the explosive growth of the arts, and the religious content of much of folk-rock music. Even the regrettable appeal of LSD and marijuana to young people, he said, is less for sensual kicks than a mistaken search for "instant transcendence."

He posed these questions: Can the biblical faith speak the living word to the man of today and tomorrow? Can the churches really hear the anxious

Dr. Robbins Named to Education Post

Dr. Julius Robbins, immediate past president of Long Beach Temple Israel, has been named new chairman of the religious education committee for the Union of American Hebrew Congregations in its Pacific Southwest Council.

The committee sets standards for the religious schools among 50 Reform temples affiliated with the UAHC in four Western states.

THE POWER OF FAITH

MEANING

OF JEWISH RITES TOLD

(Continued from Page B-5)

Friday evening and next Saturday.

Rosh Hashanah means the beginning of the year, but it really is not. It comes on the first and second days of Tishri, the seventh month of the Jewish calendar.

JEWS IN the past had several dates in the calendar marking the start of important seasons of the year. The initial month was Nisan in the spring. But the first of Tishri was the start of the economic year. This was also the time of the new harvest.

In the autumn, too, the first rains came in Palestine and the soil was plowed for the winter grain. In time, business dealings, jubilee years and other important events, started on the first day of Tishri.

Rosh Hashana, with the sounding of the shofar (Ram's Horn) has been made, through folklore, a day of remembering history for the Jews.

It is said this is the day Adam was created out of clay; it is the birthday of Abraham, Isaac and Joseph and it was the day Moses appeared before Pharaoh asking freedom of his people.

The sounding of the shofar is the most solemn part of the holiday. The Bible says, "In the seventh month, in the first day of the month, shall be solemn rest unto you, a memorial proclaimed with the blast of horns, a holy gathering.

In biblical times the shofar was used to herald great moments — from the ascent of a new king upon the throne to signaling the army during war time.

But in Jewish tradition it is a holy symbol. It recalls the offering by Abraham of his only son Isaac to prove his faith in God and, in turn, God's order for Abraham to substitute a ram. It was also blown when Moses received the Ten Commandments atop Mount Sinai.

By WOODY ISHMAEL, AP NEWSFEATURES

Captain James J. Romer was a man who was fundamentally dissatisfied. He felt that anyone satisfied with his lot in life no longer is making a contribution to society.

As a member of the United States Air Force in Panama, Romer spent every spare moment on civic action in Central America. A devout Roman Catholic, his one aim in life was Christian service to others. On one of his many visits to a remote village in a rugged mountain area, Jim Romer died in a plane crash. Over 200 villagers in that Latin country mourned the death of a friend, for they had benefited spiritually and materially from his visits. He had taught sanitation, showed them how to dig wells and use concrete. He had made firm friends for the United States.

On the new Health Center of Vera Cruz there is a plaque with his name and rank in memory of his participation in that work.

There are many "James Romers" around the world who have and will pay the supreme price for trying to make a better world for the love of God and mankind.

New Testament Edition Hits

5 Million Mark in 51 Months

The five millionth and third copy of a surprise best seller published less than a year ago presented to the executive secretary of the American Bible Society's Western and Pacific Region, Dr. Dean S. Collins.

A special edition of "Good News for Modern Man," the New Testament in Today's English Version, was given him by Everett Smith, immediate past president of the 150-year-old American Bible Society.

A distribution of the five million copies of the popular New Testament was reached in just 51 months after first publication.

The five millionth copy of the runaway best seller was presented to the new president of the Society, Mr. Edmund F. Wagner, of Scarsdale, New York at special ceremonies in the new Bible House located in New York. Special copies have also been presented to executives of the Eastern and Central Regions.

A distribution of the five million copies of the popular New Testament was reached in just 51 months after first publication.

Negroes' Gains Aid Mexican-Americans

GARY, Ind. (AP) — The progress of Negroes in fighting discrimination has meant a comparable easing of bias against Mexican-Americans, a Texas congressman said Friday.

"But," he added with a note not always heard these days, "it will become increasingly important for Christian faith to be able to challenge contemporary man at the points of his strength, not just at the points of his needs and degradation." He gave as examples of these strengths the fields of sciences, arts, business and politics.

Certainly not a routine, tentative, safe, yawn-provoker for his opening remarks!

San Francisco is the second largest Presbyterian seminary in the world, with a student body of 384, which is 380 more than it started with in 1872. Dr. Come has a long and distinguished background, including a Carnegie Foundation project at Columbia and Union Seminary on "The Possibilities of a Scientific Ethic" and the authorship of four books, including the interesting "Drinking: A Christian Position."

He posed these questions: Can the biblical faith speak the living word to the man of today and tomorrow? Can the churches really hear the anxious

L.B. MISSION

Modern Crisis, Lasting

Truths, Priest's Topic

Rev. Joseph Murphy, a Holy Ghost priest, will conduct the six-day mission-week starting Sunday at St. Bartholomew Catholic Church. He will speak and engage in dialogue each evening through Friday from 7:30 to 8 in the church at Livingstone Drive and Broadway.

Father Murphy bases his talks on the changing church in the modern crisis, which he holds is a repetition of many other critical eras in history. He believes that much of the unrest in present day religion comes from unauthorized and self-styled authorities' interpretations of Christ's doctrines, and little of the unrest from youth. He particularly invites high school students to attend the missions.

Father Murphy will place a question box in the vestibule of the church and will devote part of the hour to answering questions in order to effect a dialogue rather than a monologue. His discussions present a study of the truths that cannot change and the customs that should be changed to meet the needs of the present.

After his ordination in 1933, Father Murphy's first assignment was to Tanganyika in East Africa. He worked in Africa until World War II, in which he served as chaplain in fighter and bomber groups in Europe and North Africa, retiring with rank of major.

In recent time, the congregation has opened missions in Puerto Rico and South American countries.

Rev. Thomas E. Kennedy, pastor of St. Bartholomew's, extends an invitation to non-Catholics as well as Catholics to attend the mission.

REV. MURPHY
At St. Bartholomew

Since 1961, he has conducted missions and retreats throughout this country.

The Congregation of the Holy Ghost was started in 1703 in France. Its priests were the first missionaries sent to Africa, and have worked there for over a hundred years. On New Year's Day, 1960, 20 Holy Ghost fathers were slaughtered by Communists at Katanga during the Belgian Congo uprising.

In recent time, the congregation has opened missions in Puerto Rico and South American countries.

Rev. Thomas E. Kennedy, pastor of St. Bartholomew's, extends an invitation to non-Catholics as well as Catholics to attend the mission.

CONFIDENT LIVING

Think Yourself to Better Things

By NORMAN VINCENT PEALE

You can think yourself to failure or you can think your way to success. Belief is a form of thought. All the believing you ever do is done in your mind. You can disbelieve yourself into a frustrated existence or you can believe yourself into a successful life. It is up to you. We do not half realize the power of thought — either to destroy or to create. Thoughts actually are forces. You can't see them but they are substantial nevertheless. Thoughts are dynamic powers.

Think negative thoughts and you thereby activate negative forces, drawing back to yourself negative results. Like attracts like. Send out hate and you get back hate. Send out fear and you get back fear. Send out defeat and you draw defeat to yourself. Conversely send out positive thoughts and what comes back: Positive results, of course. You defeat yourself, or you gain victories, by the thoughts you think.

A young woman came in tears to ask if I thought her father a "bad man." I said, "No, your father is not a bad man. He is just a man who handled himself badly."

The father, an officer in a small town bank, had a social climber wife. She wore clothes with a flair — and a woman who wears clothes well usually wants more of them. Also, she had ambitions to be a leading socialite in town. So she harassed her husband for more clothes, bigger house, better cars, furs and what have you.

THE FINANCIAL pressure on this man became acute. He didn't have that kind of money but had invested in the frantic hope of improving his situation. Despite being a banker, however, he didn't do well and soon found himself in trouble — deep financial trouble.

He was a moral man who would never think of dishonesty. But he did think of it and that tripped him up. One night a thought flashed up in his consciousness: "You have easy access to money. You could use a little. You would not be stealing it — just using it temporarily to handle pressing personal obligations. You could put it back before the bank examiners came and nobody would

know the difference." But he knew this thought was very wrong — stupid, in fact — and he repulsed it forcibly.

At this point he was sovereign over himself, over his actions. His mind was acting as judge.

Sometimes a person will say, "I have bad thoughts" and complain of feeling guilty because of such thoughts. It is not consistent with a decent person's self-image to have such thoughts. And so they punish themselves with guilt feelings for being something other than their ideal selves. If you mind, acting as judge, repudiates the bad thought, you are even stronger morally as a result than before the thought came. It is only when you hold a bad thought, nurse it, cultivate it — and finally accept it (and act on it) that real feelings of guilt are incurred.

So the banker repulsed the dishonest thought. A few nights later, working alone late at the bank, he found the thought had come again — "Just borrow for awhile." Again he repulsed it, but not quite so forcibly this time.

NIGHT AFTER night the same thought advanced upon him. His repulses were becoming less and less forceful — and finally one night the thought had grown so strong and beguiling that the man's fingers reached out and performed the act which his mind had been building up.

As so often happens the first step in the wrong direction leads to another step, and another. The thought is always ancestor to the deed. The inevitable happened. His "borrowing" was found out. This poor fellow is now serving a 20-year term in the penitentiary. Not a bad man; just a living demonstration of what happens when a man takes a bad thought, nurses it — and lets it grow until it takes over and destroys him.

All destructiveness, all failure, originates in thought! And all creative, powerful living likewise originates in thought! So get a good thought, build it up, develop it. Get a faith thought, make it grow. Don't let it stop on a minimum level. Let it take over. Make a giant of it, and it will make a giant of you.

MEANING OF JEWISH RITES TOLD

By FRANK LIEBERMAN

The zodiac sign for the current month in the Jewish calendar is a pair of scales. This is a symbol reminding Jews that one's deeds are weighed and judged in the Heavenly Book of Life.

Wednesday at sundown, Jews throughout the world asked God forgiveness of their sins with the beginning of the Jewish New Year, sometimes called the High Holy Days and in history known to the Jews as the beginning of the Ten Days of Repentance.

The first two days are called Rosh Hashanah. The spirit of these days, and the Ten Days of Repentance, is one of seriousness and solemnity. Yom Kippur, or the Day of Atonement, will complete the holiday on

(Continued Page B-7, Col. 6)

Clerics Will Hear Clashing Views on Asia

An all-day inter-religious conference on the United States and Southeast Asia will be held in Los Angeles Ambassador Hotel Wednesday, aimed at providing clergy and lay people with an opportunity to hear responsible spokesman for opposing views, in order to make mature and ethical choices in the national dialogue."

Speakers on "Basic Assumptions of U.S. Policy in Southeast Asia" will be William P. Bundy, assistant secretary of state for Far Eastern Affairs; Robert Scalapino, political scientist and Far East scholar, University of California; and Hans Morgenthau, professor of political science

and modern history at University of Chicago, former consultant to Departments of State and Defense.

Exploring the "Response and Responsibility of the Religious Community" will be Ernest A. Gross, chairman, department of international affairs, National Council of Churches, former U.S. ambassador to the U.N., and Prof. Abraham Heschel of Jewish Theological Seminary.

There will be statements by church groups, questions and dialogue. The event is sponsored by the Southland Council of Churches and Board of Rabbis, with the Roman Catholic Archdiocese as observer.

WORLD COUNCIL HEAD SAYS:

Must Hold Onto Spiritual Truths Despite Skepticism

By LOUIS CASSELS

United Press International

The most urgent problem facing Protestant Christianity, according to one of its foremost spokesmen, is finding a way to communicate the Christian message to a generation highly skeptical of all religious beliefs.

To millions of people today, says Rev. Dr. Eugene Carson Blake, general secretary of the World Council of Churches, the whole idea of a transcendent God seems like "nonsense."

Most Protestant leaders agree with Dr. Blake about the existence of a religious "credibility gap." But there are wide differences of opinion about its causes and the strategy that the church should follow in trying to bridge it.

Episcopal Bishop James A. Pike, for example, contends that there will be "more belief" when the church espouses "fewer beliefs."

* * *

HE WOULD jettison doctrines which contemporary minds boggle at, such as the Virgin Birth, in order to concentrate on teachings whose plausibility, he feels, is more easily demonstrated, such as the existence of God and the survival of the individual human personality after death.

Bishop Pike says that the former is a "reasonable inference" from scientific data attesting the order and coherence of the universe and the apparent purposefulness of evolutionary processes. He thinks that "reliably-at-provide adequate evidence tested psychic phenomena" for belief in life after death.

The same reductionist approach is carried to a

more radical extreme by the so-called Death-of-God theologians, such as Dr. Thomas J. J. Altizer, who would abandon belief in any kind of deity and focus on the human figure of Jesus as man's best example of an authentic way of life.

Many Protestants disagree both with the diagnosis and with the prescription offered by radical theologians.

Kenneth L. Wilson, executive editor of the Christian Herald, points out that "unbelievingness" is a prevailing characteristic of contemporary culture, not only in matters of religion but also in politics, foreign policy and current events. Lots of people don't believe the Warren Commission about the Kennedy assassination, the Air Force about flying saucers, President Johnson about Vietnam, or television commercials about anything.

"We've been gullied,

In such an atmosphere, Wilson asserts, it is useless for the church to try to tailor its teachings to what people are prepared to believe. It can only speak what it sincerely believes to be the truth, however unpopular it currently may be.

* * *

DR. BLAKE shares this view. The church will not survive, he says, if it becomes mealy-mouthed in its preaching and "gives reason to anyone to suppose that we are calling into question the reality of the transcendent God made known to man in our Lord Jesus Christ." He advocates "a stubborn holding on to spiritual truth, even though

for a time it has gone out of fashion."

Rev. Dr. H. C. Read, pastor of the Madison Avenue Presbyterian Church in New York, believes that the church is failing to impress modern man precisely because it is so intent upon making its faith sound "sober, practical and down-to-earth."

What people are really searching for, he says, is "the word that turns our clever world upside down"—the radical, paradoxical, challenging, exciting word spoken by Jesus Christ, which has been a scandal to "sensible" people in every generation from his time to ours.

HOW TO TELL A LUTHERAN?

The ecumenical movement has minimized denominational differences, but it hasn't eliminated them altogether.

So says the Lutheran Magazine, which has compiled a tongue-in-cheek list of tell-tale clues by which "you can always tell a Lutheran."

Here are some of the alleged criteria by which Lutherans can be identified:

"They sing 'A Mighty Fortress Is Our God'" (the great hymn written by Martin Luther) better than any other one.

"They believe it is wrong to vote a political candidate on purely religious ground—unless he is a Lutheran.

"They're strong sup-

porters of the ecumenical movement "because they want everyone else to become just like Lutherans."

The final attribute—abundantly attested by the article itself—is that "Lutherans believe it is okay to poke fun at themselves."

ST. LOUIS GOES TO SEED

ST. LOUIS (UPI) — Busy is getting ready for a World Series. Headache is what often goes with that kind of busyness.

Groundskeepers, concessionaires and ticket office personnel in Busch Stadium, hotel operators, policemen and a long list of others are busy. Some of them are suffering some degree of the well-known pain in the head.

Stadium ground crews are busy coaxing a new strand of "instant grass" out of turf scarred by foot-

ball and soccer games a few days ago. Other workmen are putting the finishing touches on the stadium to ready it for today's capacity-plus crowd.

Grounds supervisor Barney Rodgers said Friday about half the mixture of pregerminated rye and blue grass sown in bare spots earlier in the week has come up and he expects — hopes — the remainder will be up today.

The Cardinals and the Boston Red Sox worked out

on Rodgers' manicured turf Friday, but the supervisor shrugged off the pain fatalistically.

"They're going to take their toll," he said, "but if these guys didn't mess up my field, I wouldn't have anything to do."

John Kelly of Missouri Sports Service, Inc., is busy laying in six tons of hot dogs and 5,000 pounds of hamburger, 120,000 buns, 500 half-barrels and 6,000 cases of beer and buckets of mustard, catsup and other condiments to feed hungry baseball fans.

"We're not going to run out of anything," he declared.

Most of ticket manager Robert Ferrell's work was finished days ago when the last seat in the stadium was sold. There is a line outside his office for standing room tickets to be sold the day of each game. But this is a minor task for his staff.

However, Ferrell still has his headaches. One cropped up Thursday. Angry fans, who were unable to get

tickets, began telephoning, demanding to know why a downtown store was offering tickets openly.

A quick check revealed a store was advertising "joke" tickets, and doing a brisk business.

Policemen were gearing to handle a doubleheader crowd Saturday — the Series mob and spectators at a Veiled Prophet parade. About 130 officers have been assigned to keep an eye on scalpers and pickpockets.

RAIDERS CATCH A BULLET PASS

OAKLAND (AP) — A bushy-haired stranger mingled with members of the Oakland Raiders American Football League team Friday as they were boarding a bus for San Francisco International Airport.

He walked to the rear, started emptying his pockets and asked the Raiders if they would like to play cards or shoot dice. A kidding reply apparently angered him and he produced a .32 caliber automatic and began waving it wildly.

Halfback Howie Williams and linebacker Gus Otto reacted quickly. Williams snatched the gun from the stranger's hand; Otto tackled him and wrestled him off the bus.

A hotel clerk called police and the bus was halted at the Bay Bridge toll plaza. Williams turned the gun over to police who found it contained five live rounds.

A search is under way for the gunman. The Raiders reached the airport in time to catch their plane for New York where they play the Jets tonight.

Gillman Throws Lowe for a High Loss: Ban, \$1,000

SAN DIEGO (UPI) — San Diego Charger halfback Paul Lowe, 30, all-time leading ball carrier in the American Football League, Friday was suspended indefinitely and fined \$1,000.

Head coach Sid Gillman, who announced the penalty, said, "This young man just seems to feel we have separate rules for him."

Lowe was late for a squad meeting that began at 9 a.m. Friday. The ailing runner has missed or been late for several scheduled medical treatments.

"Being late for the meeting is the only reason I know for being suspended," Lowe said. "I got there just a minute or two before 9:30. That's when I thought the meeting was."

"We met in the hallway (of the training camp building) and he told me I was

suspended. I asked him why and he said 'for being late.' I told him I thought the meeting was at 9:30 and he said 'the rest of the players heard when it was.'

"It really shocked me up. I went to my locker, got my shoes and jacket and came down to the store," Lowe owns a liquor store here.

"I'm just going to work here until he makes a deal for me," Lowe said.

Lowe also disclosed he had a "big argument" with Gillman prior to the Buffalo game.

"He said I was a bad influence on some of the players. I know he told Joe Beauchamp and Jim Tolbert to keep away from me.

"If I'm a bad influence on guys like Willie Frazier, you'd think he'd want to keep me around. Willie and the rest of them have been doing pretty well."

Olivo Stands Out in Miami Triumph

MIAMI (UPI) — Quarterback David Olivo got the University of Miami offense moving with daring passes in the rainy mush of the Orange Bowl Friday night for a comeback 34-14 win over Tulane.

The Hurricanes, highly rated in pre-season polls but losers of their first two outings, managed to stop Tulane twice at the goal line while Olivo, a third-stringer at season opening, whipped up the offense.

He threw twice to Jim

Cox for touchdowns and ran another himself.

Rugged John Acuff scored a fourth Miami touchdown on a 28-yard spurt and defensive back Bob Abbott intercepted a Green Wave pass for a 42-yard runback and Miami's other score.

Ray Harris kicked four of five conversions for Miami.

Tulane, led by quarterback Bobby Duhon, made the Hurricanes come from behind for the victory. The Wave led 14-7 at halftime after Bayou Mudbaba Duhon scored on a seven-yard run in the first period and on a 28-yard dodge around right end in the second period.

Durham spoke at formal signing ceremonies for Frazier's Oct. 17 scheduled 10-round bout in Philadelphia against Tony Doyle of Salt Lake City. He said he told Malitz a decision would have to await the outcome of the Frazier-Doyle bout and the last first round fight of the elimination series between Jerry Quarry and former heavyweight champion Floyd Patterson.

Frazier in Elimination Tourney?

PHILADELPHIA (AP) — Unbeaten Joe Frazier is considering an invitation to replace injured Oscar Bonavena in the elimination tournament to determine a new world heavyweight boxing champion.

Frazier's manager, Yancy Durham, disclosed Friday he has been asked by tournament promoter Mike Malitz to step in for Bonavena if the Argentine heavyweight does not respond to treatment of a back injury.

Durham spoke at formal signing ceremonies for Frazier's Oct. 17 scheduled 10-round bout in Philadelphia against Tony Doyle of Salt Lake City. He said he told Malitz a decision would have to await the outcome of the Frazier-Doyle bout and the last first round fight of the elimination series between Jerry Quarry and former heavyweight champion Floyd Patterson.

Lakewood Topples Stubborn Mater Dei

By TOM BARDEEN

Lakewood High proved Friday night that a small, fast team can beat a big one as the Lancers scraped up one touchdown to slip past Mater Dei, 6-0, at Veterans Stadium.

The Lancers' quarterback trio, Mike Rae, Steve Bresnahan, and Mike Parks, alternated throughout the game as coach John Ford tried to find the right combination that could heat the Monarch defensive unit. Except for occasional flashes of the offense Lakewood had demonstrated in earlier games, the Lancer attack never jelled.

Starting with a recovered on-side kick, the Lancers moved the ball from their own 49 to the Mater Dei 19, where the drive bogged down.

The Monarchs took over and quickly made a first down. On the next play, Monarch quarterback Doug David pitched out to a player who wasn't there. Lancer Jay Ardizzone grabbed the ball on the first bounce, and scampered 48 yards for the lone TD.

The Monarchs had the ball for two plays after the TD when the Lancers took it again with an interception by guard Ben Waid on the Mater Dei 30.

The Lancers mounted an attack that drove to the Monarch 12, where Bresnahan's pass was intercepted by Kevin Williams.

The Mater Dei defensive unit stopped the Lancers six times, as they tried to score from inside the Mater Dei 20 yard line.

Rebels Loaded for Bear

Miss-Bama Clash TV Game of Week

Associated Press

Reception for the nationally-televised Alabama-Mississippi football game Saturday is likely to be 100 per cent. But Coach Paul "Bear" Bryant of the Crimson Tide says his team will have to improve 200 per cent in order to come in loud and clear.

The Tide, usually among the top three in the national rankings, has taken a back seat this season to Southern California, Houston, UCLA, Purdue and several other powerful college elevens.

Alabama is ranked ninth in the latest Associated Press poll, its abnormally low standing the result of an opening game tie with Florida State and an unimpressive 25-3 victory over Southern Mississippi.

Top-ranked Southern California meets Stanford while Houston, No. 2, takes on unbeaten North Carolina State in night games that highlight the heavy weekend program.

Third-ranked UCLA is at Penn State and fourth-rated Purdue, recent conqueror of Notre Dame a week ago, goes against Northwestern.

In other games involving teams ranked among the Top Ten, Georgia, No. 5, plays South Carolina; Notre Dame, which dropped from first to sixth, faces Iowa; Nebraska, No. 7, takes on Kansas State; Colorado, No. 8, meets Iowa State, and Texas Tech, No. 10, opposes Mississippi State, al-

night.

Kickoff time for the Barna-Ole Miss game is 10:30 a.m., PDT, both in Birmingham and on the TV screen via ABC.

"I like for the team to be exposed on television," Bryant said, "but I don't know whether I'll like this one or not."

Alabama, a 10-point favorite, has been effective when the passing combination of Kenny Stabler and Dennis Homan has clicked. The two have connected for five touchdowns.

However, Bryant is looking for more offensive versatility.

"We haven't been quick; we haven't been aggressive or reckless on offense or defense," Bryant said. "We must improve 200 per cent on what we have done even to have a chance at winning."

Mississippi, which was beaten by Memphis State and bounced back to defeat Kentucky, will depend heavily on the running of tailback Steve Headman and fullback Bobby Wade.

Houston, the nation's total offense leaders with a 488.7 yards per game average, also is rated three touchdowns better than North Carolina State.

In an important West Coast game, Washington (2-1) is the choice by six over unbeaten OSU, which has scalped Stanford, Arizona State and Iowa.

Cal is picked by eight over the Air Force, a team routed by Washington last week; WSU is a 13-point underdog to Baylor, and Oregon State is a five-point underdog to Ohio State.

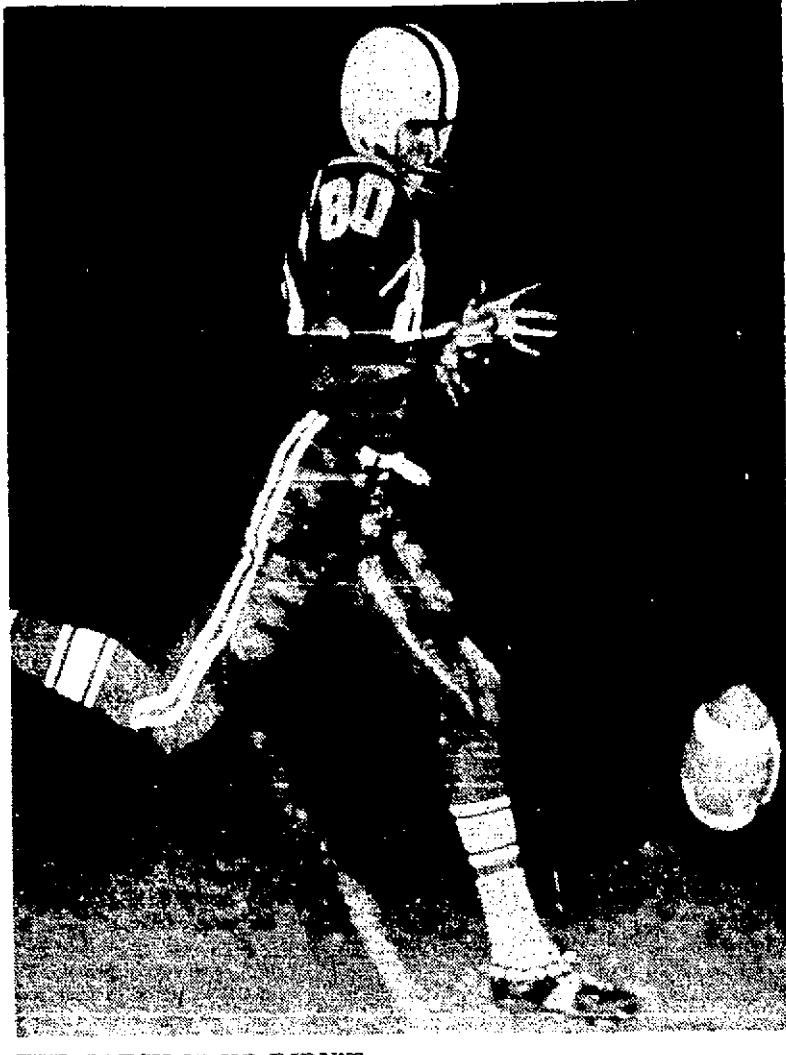

San Jose State, the West's major independent, is idle this week, going back to work on Oct. 14 against West Texas State.

Bunce Leads Amigos to 146-114 Victory

SANTA PAULA (UPI) — The Anaheim Amigos jumped off to a quick start Friday night and were never headed as they defeated the Oakland Oaks, 146-114, in an American Basketball Assn. exhibition game.

Larry Bunce led the Amigos attack by scoring 28 points and capturing 10 rebounds.

1967 GEHRIG AWARD GOES TO BANKS

NEW YORK (AP) — Ernie Banks of the Chicago Cubs was named Friday as the 1967 winner of the Lou Gehrig Memorial Award, presented annually by the Phi Delta Theta fraternity.

The award goes annually to the major league player who is adjudged to have best exemplified in playing ability and personal character the attributes of the late New York Yankee first baseman.

Banks was described by the selection committee as "a player who never lost his competitive drive or infectious enthusiasm for baseball while his club languished in second division for 13 of his 14 full seasons."

Falcons Host Bakersfield

The Falcons of Cerritos College will host the Renegades of Bakersfield tonight in the opening game of the Metropolitan Conference at 8 p.m.

In non-conference play, each team has rolled up two consecutive, impressive victories. Bakersfield scored a 35-7 win over Fresno, and last week downed San Diego City College 26-6.

The Falcons defeated the Pirates of Orange Coast 23-0 in the opening game, scoring all 23 points in the fourth quarter, and last week put on a second-half spurt to down Phoenix 31-13.

The game will be broadcast on radio KPMK Bakersfield and can be heard in this area at 1580 on the dial.

Saints Edge Cathedral, 21-13;

Set Up Crucial With Loyola

By JIM BALL

St. Anthony High successfully opened its Catholic League campaign Friday night to set up one of the earliest showdowns in the circuit's history.

The Saints turned back Cathedral, 21-13, and next week face perennial favorite, Loyola, in what should open the gates to the league title.

Led by quarterback Greg Schilling, the well-rounded St. Anthony attack marched to a 14-0 lead, saw Cathedral close to 14-13

and then scored the clincher early in the fourth period.

Manny Magana inter-

cepted a Cathedral pass on the visitor's 24 and three plays later, Schilling sprinted eight yards to supply the important insurance. Larry

Gusnoe toed all three conversions.

Schilling scored twice, rushed for 61 yards and passed for 59. Halfback Jim O'Shaughnessy carried for 56 yards and George Cham-

ber added 41.

The Saints broke the ice in the second period on O'Shaughnessy's four-yard touchdown run. It was 7-0 at halftime and still that early in the third period when Schilling sped a dazzling 95 yards with a Cathedral punt.

The Phantoms stormed

back on a length-of-the-field drive which was capped by Ron Solorzano's five-yard run. Moments later it was 14-13 as Greg Wells passed 21 yards to Ron Carruthers.

With momentum in his favor, Wells went to the air again as the fourth period opened and Magana made his key interception.

HIGH SCHOOL GRID SCORES

By JEFF ANDERSON

Millikan High read Morse code perfectly Friday night.

The Rams limited the visitors to 43 net yards and raced to their third consecutive non-league victory, 41-0.

Morse, never threatened, accumulated only eight yards in the third quarter and frustrated its own

cause with five fumbles — four of which were recovered by Millikan.

The Rams exploded for 20 points in the final period to cap the lopsided victory. Gary Evans ran for over 100-yards to pace a ground game which manufactured 296 yards.

Millikan scored in every quarter. John Taylor tallied one touchdown, kicked three extra points and set up another TD by blocking a Morse punt.

Mike Liebeck's 18-yard touchdown sprint early in the first quarter set the tone for what followed.

Next week, it should be tougher. In its final tuneup for Moore League competition, Millikan meets Centennial at Ramsaur Stadium.

19-POINT PICK OVER STANFORD

Poll-Leading Trojans Expect 'Gallup' Tonight

By LOEL SCHRADER

USC has leaped to first place in the national collegiate football rankings by defeating three teams that are still winless.

Following the logic of the pollsters, the Trojans should soar out of sight if they can stampede Stanford tonight at 8 in the Coliseum.

Stanford has won two of three games, crushing such titans as San Jose State and Kansas, and bowing gamely to Oregon State.

A crowd approaching 60,000 is expected to wit-

ness the 46th meeting between USC and Stanford.

"We tried to recruit most of those Stanford guys," he points out, "and we don't try to recruit anybody but the best."

Despite this and other warning signs, the Trojans have been made 19-point favorites to win their ninth consecutive game from the Indians and achieve their second Pacific Eight victory of 1967.

Ralston believes his team is ready for a top effort.

"We have things pulling together very well," he said

Friday.

The Indians have been plagued by their usual quarterback confusion, but Ralston may have come up with the right man in junior Mark Marquess.

Marquess isn't a picture passer, nor is he an outstanding runner. But USC scouting reports indicate he brings out the best in the Indians.

With Marquess at quarterback, ex-Long Beach Poly star Gene Washington has been freed for action at

flanker, where his great speed and receiving ability can be better utilized. Washington has missed the last two games because of an injury, but has been pronounced fit for tonight's game.

Former Long Beach City College ace Jim Cross also figures prominently in the Stanford attack. He is the starting split end.

The Indians have picked up speed in halfback Nate

Kirtman, who sat out most of 1966 with injuries. So far in 1967, Kirtman has gained 286 yards in 50 carries and has scored three touchdowns.

There will be no changes in the Trojan lineup. Steve Sogge will be at quarterback after a brilliant 14 for 16 passing day against Michigan State. O. J. Simpson, leading Pacific Eight rusher with 442 yards in 78 carries, is expected to have another workhorse night.

Jim Lawrence at flanker and Mike Hull at fullback round out the speedy Tro-

jan backfield.

Earl McCullouch will open at split end, but Ron Drake, who sat out last week's game with an injury, should be ready for action again tonight.

Cal State in 'Win or Else' Situation Against Aztecs

By JIM MCCORMACK
Staff Writer

SAN DIEGO — Cal State Long Beach's suddenly ominous football season makes its next stop here tonight for an encounter against the San Diego State Aztecs.

Successive losses to San Francisco and Valley State after an impressive victory over Cal Poly, Pomona have muddled the 49er football picture and the task of rebounding against the nation's No. 1 college division team makes the Long Beach picture dark indeed.

If the 49ers should lose to the Aztecs tonight in a game that begins at 8 in the New San Diego Stadium and will be shown on channel 11, they would drop out

of contention for anything in the CCAA and be faced with the possibility of the school's first losing season since 1959.

A victory, however, over a team that has beaten its last 20 opponents, could be the push the 49ers need.

They have been effective

offensively this season, averaging 411 yards per game total offense despite killing 15 of their own drives with fumbles, pass interceptions and penalties.

Correction of this and the continued improvement of the 49er defense could mean a repeat of Cal State's performance here in 1965 when the 49ers knocked off the Aztecs, 35-32, in a spectacular contest.

That was the last defeat suffered by Aztec coach Don Coryell.

Regardless of the outcome, the contest should showcase several of the CCAA's outstanding athletes.

The best match is San Diego's Haven Moses, a flanker, against Long Beach's Bill Parks, a split

end, in a pass-catching contest.

Moses is the man in San Diego's attack. The Aztecs either win by Moses catching passes for touchdowns or when the opposition becomes so preoccupied with stopping Haven that it frees other Aztecs for receptions.

Using Moses is this capacity has proved very beneficial over the years. Since he was a senior at Fermin Lasuen in San Pedro, Moses has been a loser only twice in 44 games. In that time he has played on a CIF champion (Fermin), two Western States Conference champions (Harbor College) and a CCAA titlist (San Diego).

Heavily-Favored Bruins Encounter Penn St. Vendetta

By HANK HOLLINGWORTH
Executive Sports Editor

UNIVERSITY PARK, Pa.

— The UCLA Bruins, ranked No. 2 and No. 3 on wire service ballots, range from 11-point to 18-point favorites — depending upon which oddsmaker you trust — against Penn State today.

Yet, despite such awesome UCLA personnel as Gary (The Great) Beban, Greg Jones, Al Claman, Larry Agajanian, Harold Busby, Hal Griffin, Don Manning, Vic Lepisto, Rick Purdy, Larry Slagle and a host of others, the Nittany Lions think they have a chance to triumph. The best source of information is the head coach, Joe Paterno, in his second year at the Lions' helm:

"We have waited for this game since last Oct. 15. You might say we're on a vendetta. When UCLA whopped us, 49-11, last year in the Coliseum, they scored more points against Penn State than any team in modern history.

"The thing that we remember most is not the size of that score but the fact that UCLA wanted even more. They led us by 38 points with less than a minute to play, but Tommy Prothro ordered an on-sides kick following his team's final touchdown. UCLA recovered and got off two plays before the final whistle. That's hardly being a sportsman."

Commented the Bruin coach: "That's the way the ball bounces. People have

done that to my teams before, too."

Going into this fifth game of an interesting intersectional series, UCLA boasts a commanding 3-1 edge. The Nittany Lions triumphed 17-14 in the 1963 inaugural, but UCLA has sacked everything since. Suffice to say that Penn State desired to end the series in 1968.

Even before Paterno's time, the Pennsylvania people knew enough to drop a potato when it was too hot to handle.

"While the Bruins appear to be a lock today, their country opponents boast an asset here and there. One is halfback Bob Campbell, a 183 pounder from Apalachin, N.Y., who insists he had no part of the much-publicized Mafia meeting there several years ago.

Campbell has averaged a nifty 7.3 yards-per-try rushing in Penn State's first two encounters (they blew one to Navy, 23-22, and upset Miami, 17-8).

DEL MAR HOSTS COAST'S BEST

**EX-YANKEE
SAYS SEASON
TOO LONG**

CHATTANOOGA, Tenn. — A shorter major league baseball season would improve the sport, former New York Yankee coach and manager Bobby Richardson said Thursday.

"The baseball season is too long for me right now," said Richardson, national representative for the Fellowship of Christian Athletes. "They (the owners) should cut the season by 25 games."

But Richardson predicted in an interview that no such change will take place because "they are thinking of the gate receipts."

SPORTS BEAT

Thad Spencer, heavyweight contender in the world elimination series, may be paying heavily for applying his trade. Spencer was named in a \$300,000 damage suit filed by Willie Frazier, a bartender, who alleges Spencer beat him up, 31 at the Oakland bar where he is employed.

Frazier is claiming permanent disability, and the suit also states that Frazier was unable to eat solid food, due to a broken jaw, for several weeks.

THE INTERNAL Revenue Service is trying to collect \$419,936 from the Rams for back income taxes for the years 1965-66. The problem arose from the sale of the team in 1963 for \$1 million to Dan Reeves.

Following the sale, tees valued the player contracts at \$3.5 million, and decided to amortize two-thirds of this value over a five-year period for tax purposes.

But the IRS didn't see it that way. They valued the player personnel at no more than \$300,000, thus half-million deficiency.

MRS. MARGE MASON of Englewood, N.J., won the sixth U.S. Senior Women's golf championship at the Atlantic City Country Club Friday, posting a 236 total that broke the tournament record.

Competing in the 54-hole event for the first time, Mrs. Mason bettered the old mark of 230 set in 1963 by Mrs. Allison Choate of Irie, N.Y. and Maureen O'Neill of Englewood at Delray Beach, Fla.

Six time New Jersey ladies amateur champion Mrs. Mason fired a final six over par 79 for victory. She ed. Mrs. Hulet Smith of Pebble Beach by four strokes.

AMERICA'S swimming team flew into Berlin Friday and immediately began practice sessions for a weekend aquatic meet with West Germany.

The Americans, headed by such stars as 18-year-old Mark Spitz of Santa Clara and 15-year-old Catie Ball of Jackson, Fla., came to Berlin following a tour of Sweden and England. Against the British national team the U.S. ran up a 92-9 victory.

FELIX MILLAN, flashy second baseman for Richmond of the International League, Friday was named Player of the Year for baseball's minor leagues. Millan batted .310 and struck out only 19 times in 106 games.

**FISHIN'
FACTS**

Pacific Landing—43 passengers on 4 boats, 128 barracuda, 1 halibut, 60 calico bass, 63 bonito, 18 sculpin, 2nd St. Landing—26 passengers, 1 halibut, 100 barracuda, 1 halibut, 32 sculpin, 10 bonito, 1 yellowtail, 10 mackerel, 100 miscellaneous.

Bermont Pier—46 passengers on 3 boats, 92 barracuda, 52 calico bass, 100 bonito, 100 barracuda, 10 sculpin, 100 miscellaneous.

Art's—43 passengers on 3 boats, 92 barracuda, 56 bonito, 27 sculpin, 5 halibut, 11 scorpionfish, 100 miscellaneous.

Davey's Locker—46 passengers on 3 boats, 92 barracuda, 56 bonito, 100 sculpin, 1 white sea bass, 3 rockfish, 100 miscellaneous.

Brewer, Casper in Tie

ST. ANDREWS, Scotland (AP) — Gay Brewer, the U.S. Masters champion, scored a birdie on the final hole Friday and went into a tie with Bill Casper for the second round lead in the Alcan Golf Tournament.

They had a 36-hole score of 139, five-under-par, over the aged St. Andrews Old Course. A field of 19 including 11 U.S. pros, is shooting for the \$55,000 first prize.

Brewer fired a 70, with consecutive birdies also at the 13th and 14th holes. Casper, the 1966 U.S. Open champion from Peacock Gap, Calif., had a 71.

The two leaders had a two-stroke edge over a four-man mixture of Americans and British tied at 141. They were Gardner Dickinson of Lost Tree Village, Fla., 68-73; George Archer, the towering ex-cowboy from Gilroy, Calif., 70-71; Peter Alliss, veteran British Ryder Cup member, 79-72 and Brian Barnes, 22-year-old Englishman, 68-73.

Dickinson and Casper had shared the first round lead at 68 with Doug Sanders, the American touring pro, who skied to a 76 and dropped into a tie for seventh place.

LEADERS

Billy Casper	48-71	-139
Gay Brewer	63-70	-139
Gardner Dickinson	68-73	-141
George Archer	68-73	-141
Peter Allis	69-72	-141
Mason Rudolph	72-70	-142
Chris O'Connor	72-71	-143
Johnnie St. George	72-72	-144

Bob Charles	71-74	-145
Tommy Aaron	72-75	-145
Homerio Blanca	71-77	-145
Malcolm Gregson	74-74	-148
Peter Butler	77-78	-153

NOTE—Number after handicapper's name is number of winners selected.

Combined News Services

Eleven of the most promising two-year-old fillies on the West Coast, including Mr. and Mrs. E. B. Johnston's stakeswinning Free Sample, will tangle today in the \$20,000-added Sorrento Stakes, feature of the first Saturday card of Del Mar's fall race meeting.

Post-time for the first race today is 1 p.m.

The Sorrento Stakes will

match juvenile fillies at a new distance, about 7 1/2 furlongs, and in a different setting, over Del Mar's infield turf course.

Unbeaten Queen of the Stage stood out so much Friday that she was made a 1-5 favorite as eight 2-year-old fillies were named for the 20th running of the one-mile of the Frizette at Aqueduct race track.

With eight starters, the race will have a gross value

of \$115,225. The winner will get \$77,725.

Joseph R. Daly's Peter Piper was a galloping winner in the Raise a Native Purse Friday at Aqueduct.

The 4-year-old son of Tom Fool-Tudor Princess, ridden by Bill Boland, stepped seven furlongs in the good time of 1:23.

Peter Piper paid \$8.20, \$6.60 and \$3.60. Velvet Flash returned \$14.60 and

\$5.20 and Hornbeam, \$3.40.

With Jockey Howard Grant turning in a powerful ride in the stretch, Aden G. won the Sea Isle City Purse by three-quarters of a length over Cotuit at Atlantic City.

After running out of the money in six consecutive starts at Rockingham Park, Missy's Double won the featured Edgewood Purse at Narragansett Park.

Missy's Double paid \$24.80, \$11.60 and \$5.20. Macwonder paid \$25. and \$7 and East Bridge \$3.

Daybreak Farm's Ram-sing swept around the leaders on the stretch turn to win the \$6,500 Bald Eagle Purse by three lengths at Hawthorne.

The winner, ridden by Robert Nono, paid \$5, \$3.20 and \$2.40. Abdul returned

\$3.20 and \$2.40 and Marlin Bay's \$2.80 to show.

Banana Joe led every step of the way to win the featured \$4,200 Beau Purple Purse at Churchill Downs.

The longshot stepped off the six furlongs in 1:11.3-5 to pay \$31, \$11.20 and \$3.40. Reely Beeg returned \$7.60 and \$3 to place and Hempster paid \$2.20 to show.

FAISON SAYS MIAMI OWES HIM \$60,000

MIAMI, Fla. (AP) — Defensive end Earl Faision sued the Miami Dolphins for \$60,000 Friday for alleged breach of contract.

The action, filed in Dade County Circuit Court, said the Dolphins acquired his services on July 29, 1966, from another American Football League club, the San Diego Chargers, then cut him from the roster.

The suit said the Chargers' contract taken over by Miami had a "no cut, no release" clause. Faision said his salary under the contract was to have been \$30,000 yearly.

Comparisons

	Rams	49ers
Points scored	29	67
Opponent's points	64	54
First down	54	54
Rushing yards	529	629

Fumbles lost	2	0

they may find themselves in a steeper dive than they encountered flying home from Dallas last week.

Fearing a letdown after the tough Cowboy game, Allen hasn't let the team forget past records with their Bay area rivals. The 49ers have whipped the Rams in three of the last four conference games.

What's even more surprising, the 49ers have dumped them in five of the past eight skirmishes played at the Coliseum.

In hopes of lulling the Rams into oblivion Sunday, S.F. coach Jack Christian said L.A. has too much momentum for the 49ers to counter.

"They have momentum and have had very few injuries. Momentum is a big thing in football. When you're winning every week, the good players get better and the great ones get greater. The men feel they can't lose, and so they don't. They get the breaks because they have the confidence to make the breaks.

"On the other hand, when you've lost a tough one, you have to fight your way back."

The Rams announced 20,000 reserved seats will go on sale Sunday morning at the Coliseum.

How are some of the other ex-Rams doing?

Tommy McDonald is tied with Junior Coffey as Atlanta's leading receiver with eight catches. However, Tom Moore, who went to the Falcons in exchange for Bernie Casey, has yet to carry the ball after three league games. He's been hampered with bruised ribs most of the season.

Ben Wilson led all Green Bay carriers last Sunday as the Packers up-ended Atlanta. Ben gained 82 yards in 13 carries and now boasts a 6.2 average after 14 rushes.

Carroll Dale had 5 catches for 97 yards and 2 touchdowns for Green Bay to push his league total to 13 receptions for 264 yards.

Who said players don't get tired?

Hugh McElhenny, the sensation who now is a radio color man for San Francisco, tells why players don't ask to be taken out when they are bushed.

"Nobody wants to because it's hard to get back in. Mostly, a man will play when he's so dizzy he doesn't know where to run, and so tired he has trouble hearing the signals. In these cases, he hopes his number won't be called and that he'll have a chance to recover."

Christian said, "I certainly wouldn't hold it against a man if he told me he couldn't go. In fact, I'd appreciate it."

DEL MAR RESULTS

FIRST RACE—6 furlongs: Loaded For Bear, \$11.20, \$3.60, \$4.40. Land or See, York, \$1.60, \$1.60. John Gordon, \$1.60. Scratches: Pueblo, Iker, Sue, We're Here, Mool O' War, Drizzle, Vile.
